| 23 | A Yes. I took a look at our | 23 | Am I missing something? I'm just |
| 24 | formularies, the the ones that we had available | 24 | trying to think of my organization right now. And |
| 25 | during that time frame. I took a look at our | 25 | essentially, like, the pharmacy provider network. |

| 6 | that? | 6 | so I can get a better understanding. |
| 7 | A We only had back as far as 2017. | 7 | So you said everything that has to |
| 8 | Q Is that formulary for Emblem or for | 8 | deal with the pharmacies. Is that just for Emblem, |
| 9 | ConnectiCare? | 9 | or does that also include ConnectiCare or any of |
| 10 | A Both. And it's the same formulary. | 10 | Emblem's subsidiary MAOs? A It's all Emblem and ConnectiCare. |
| 12 | Q You said you also reviewed documents relating to your Medicare plan structure; is that | 12 | Q Okay. And you said also limitation |
| 13 | correct? | 13 | testing; is that right? |
| 14 | A Correct. | 14 | A Implementation testing. |
| 15 | Q For what time periods did you have | 15 | Q Implementation testing. |
| 16 | information or documents to review on that topic? | 16 | What does that mean? |
| 17 | A I think that was also 2017. It could | 17 | A That means after you set up the |

|--|--|---|---|
| 1 | Q And what are the nature of those IT | 1 | defining formularies; is that right? |
| 2 | projects? | 2 | A Correct. |
| 3 | A Gosh, they can be a number of | 3 | Q What does that mean? |
| 4 | different things. So, you know, for instance, when | 4 | A That means that my team works with |
| 5 | our platform was migrating from our legacy platform | 5 | Express Scripts as a collaborative effort to |
| 6 | into the facets platform that affected pharmacy, so | 6 | determine which drugs should be on our formularies, |
| 7 | I had a team of people who worked on that project, | 7 | which drugs should have utilization management |
| 8 | making sure that all the pharmacy processing would | 8 | applied to them, what tier they should be on, and |
| 9 | continue, that the integration to Express Scripts | 9 | really just compile that formulary on an annual |
| 10 | was intact, that claim files could come back and | 10 | basis. |
| 11 | forth, eligibility files back and forth and | 11 | Q Prior to your current role at Emblem, |
| 12 | ensuring, just, that everything is going to continue | 12 | what was your previous role? |
| 13 | to process on the new platform. | 13 | A Previously, I was vice president of |
| 14 | It also involves projects that my team | 14 | pharmacy operations. It was effectively the job |
| 15 | initiates. For example, working on, you know, | 15 | that I have today, but it did not include formulary |
| 16 | improving our COB capabilities, you know, anything | 16 | or utilization management. |
| 17 | that further | 17 | Q Can you explain what "utilization |
| 18 | THE COURT REPORTER: Anything that | 18 | management" means? |
| 19 | further | 19 | A Utilization management is a tool that |
| 20 | THE WITNESS: Improves pharmacy | 20 | is used by most insurance plans that ensures that |
| 21 | processing, or keeps us compliant. So it could | 21 | the member is getting the right drug at right time |
| 22 | be a state regulation, a federal regulation, | 22 | for the right condition. |
| 23 | that requires us to do something different. | 23 | So prior authorization is one where we |
| 24 | And I have a team of people that make sure we | 24 | might have a requirement for safety purposes to make |
| 25 | do that correctly. | 25 | sure that the number really does meet the criteria |
| | Page 23 | | Page 25 |
| 1 | BY MS. ANDRAS: | 1 | that the drugs should be used for. |

| 12 | A Well, can you define "plan"? | 12 | Q What was the last plan, the last item |
| 13 | Q Sure. I mean, right now I'm talking | 13 | of business? |
| 14 | about any type of health plan, so commercial, you | 14 | A I think I said CHP last. |
| 15 | know, Medicare, Medicaid, just separate types of | 15 | Q That was the last? |

| 24 | Q Okay. And do you know if | 24 | A Right. |
| 25 | Emblem Health and/or ConnectiCare have had roughly | 25 | Q So when you refer to Medicare, does |
| | 2 Housen and of connecticate have had foughty | | Z 50 When you refer to Medicare, does |

| 1 | that refer to like, generally, when we're talking | 1 | understanding is of the self-funded plans? | | |
| 2 | about Medicare, does that refer to Part C plans | 2 | A It's really just a different financial | | |
| 3 | which encompass the Part D component? | 3 | sort of of an arrangement, in that so, for | | |
| 4 | A Medicare when I speak of Medicare, | 4 | example, when a claim is paid, they actually pay it. | | |
| 5 | I'm either speaking of the Medicare plan that is | 5 | So we pay it, but they pay us for it. Whereas in a | | |
| 6 | Part C, so they A plus B equals C, right, and a D | 6 | fully-insured plan, we pay it, and any risk is | | |
| 7 | plan, right, that they are they are separate. I | 7 | offset by the premium that the organization | | |
| 8 | mean, it's combined into one plan, but they're | 8 | provides. | | |
| 9 | really different structures, if you will. | 9 | Q Okay. So you used the word "they" a | | |
| 10 | Q Okay. | 10 | few times in that answer, so just so the record is | | |
| 11 | A Or it is simply the prescription drug | 11 | clear, who are you referring to? | | |
| 12 | only plan. | 12 | A "They" would be the client, so | | |
| 13 | Q So for purposes of Medicare, even if | 13 | whatever the the group health plan is. | | |
| 14 | 1 1 | 14 | | | |
| 15 | it's considered a Part C plan, the Part D component is considered Part D; is that fair? | 15 | Q Okay. So in terms of the actual process of a claims process for a prescription drug, | | |
| | A Correct. | l | can you explain what that would look like from the | | |
| 16 | | 16 | * * | | |
| 17 | Q Okay. And Emblem Health also has the | 17 | point of sale to payment by the employer or plan sponsor? | | |
| 18 | standalone Part D plans that are referred to as PDP | 18 | 1 | | |
| 19 | plans, correct? | 19 | A Sure. So in a in a | | |
| 20 | A Correct. Yup. | 20 | THE COURT REPORTER: Was there an | | |
| 21 | Q So for the various types of members | 21 | objection? I'm sorry. Was there an objection? | | |
| 22 | that Emblem Health provides services for that we | 22 | MR. WHORTON: Vague. | | |

| 2 | THE WITNESS: Outside of pharmacy? | 2 | Q Yes. | | |
| 3 | BY MS. ANDRAS: | 3 | A Okay. Yes. So at point of sale, | | |
| 4 | Q Well, for example, does Emblem provide | 4 | member goes to the pharmacy. The pharmacy sells the | | |
| 5 | administrative-services-only arrangements to some of | 5 | drug. The claim is actually sent to | | |
| 6 | its members? | 6 | Express Scripts. Express Scripts pays it. | | |
| 7 | A If are you asking do we have plans | 7 | Express Scripts bills us on a weekly basis. We pay | | |
| 8 | that are ASO plans? | 8 | Express Scripts, and then the ASO client, we we | | |
| 9 | Q Yes. | 9 | pass the invoice to the ASO client to reimburse us. | | |
| 10 | A Yes. We do have some plans that are | 10 | Q So Emblem actually makes the payment | | |
| 11 | ASO, yes. | 11 | to Express Scripts prior to receiving the payment | | |
| 12 | Q And can you explain what those ASO | 12 | from the actual plan sponsor on those claims? | | |
| 13 | plans entail? | 13 | A That's my understanding. | | |
| 14 | A Not in great detail. | 14 | Q Okay. And for the ASO services, do | | |
| 15 | Q And what's your general understanding | 15 | are those limited to a particular line of business? | | |
| 16 | of an ASO plan? | 16 | A They're in our commercial book only. | | |
| 17 | MR. WHORTON: Objection. | 17 | Q Okay. Has that always been true? | | |
| 18 | THE WITNESS: Essentially, they are | 18 | A To the best of my knowledge, yes. | | |
| 19 | self-funded. They are not fully insured by us. | 19 | Q Okay. So to the best of your | | |
| 20 | They take financial risk. | 20 | knowledge, none of the Medicare plans that Emblem or | | |

| 3 | Q And can you explain what your | 3 | Q Okay. Are you familiar with the |

| 1 | A No. | 1 | A Yes. |
| 2 | Q Do you know how many Medicare members? | 2 | Q Okay. Do you does Emblem offer any |

| | | 4 | A Yes, we have a Part B only. |
| 5 | Q And that's across all lines of | 5 | Q Do you know what that line of business |

| 13 | BY MS. ANDRAS: | 13 | A So a low-income member would get | | |
| 14 | Q Is the Medicare reimbursement or | 14 | direct subsidies from CMS to offset the premium. | | |
| 15 | subsidies higher for the special needs plan than a | 15 | Q Is that premium received on a monthly | | |
| 16 | typical Medicare plan? | 16 | basis? | | |
| 17 | MR. WHORTON: Object to form. | 17 | A I don't know the schedule. | | |
| 18 | THE WITNESS: I don't know. | 18 | Q Is that premium or is that subsidy | | |
| 19 | BY MS. ANDRAS: | 19 | tied to actual claims, or is it paid ahead of time? | | |
| 20 | Q Going back to the topic of the process | 20 | A That is paid it is not tied to | | |
| 21 | for the self-insured plans, for those plans, how | 21 | claims. I don't know the timing of the payment. | | |
| 22 | often does Emblem or ConnectiCare invoice for | 22 | Q And what's your understanding of how | | |
| 23 | payments that they have made on behalf of those | 23 | that amount of the subsidy is calculated? | | |
| 24 | members? | 24 | A Per individual or per claim? | | |
| 25 | A I don't know. | 25 | Q Either, if it's different. | | |
| | Pose 47 | | Page 40 | | |
| 1 | Page 47 Q Okay. So Express Scripts will invoice | 1 | Page 49 A I don't know the formula CMS uses on | | |
| 2 | Emblem weekly for those claims, though, correct? | 2 | its per individual basis. I do know on a per claim | | |
| 3 | A Correct. Correct. | 3 | basis that the the PDE, prescription drug event, | | |
| 4 | Q You don't know what the payment terms | 4 | is reimbursed at varying levels from CML. | | |
| 5 | are in terms of timing and invoicing on your end? | 5 | Q Okay. And I guess I want to make | | |
| 6 | A I imagine it's based upon how the | 6 | sure we have our terminology straight here. | | |
| 7 | client contracted with Emblem. I don't have that | 7 | When we're talking about a subsidy, | | |
| 8 | detail. | 8 | that's something that I'm referring to as being paid | | |
| 9 | Q Okay. Is that something that's | 9 | ahead of time. It's not tied to claims. | | |
| 10 | variable, then, across the particular agreements | 10 | A Okay. | | |
| 11 | with the PBM? | 11 | Q And you just used the term | | |
| 12 | A I don't know. Well, no. We have the | 12 | "reimbursement." So I just want to make sure we're | | |
| 13 | agreement with the PBM. So we we are billed | 13 | being clear. When I when I hear you say the word | | |
| 14 | weekly. That I can speak to. I can't speak to | 14 | "reimbursement," that makes me think a payment has | | |
| 15 | you're asking about the ASO plans. I can't speak to | 15 | been made and there's a payment made to reimburse | | |
| 16 | how we bill them. I don't know. | 16 | the amount, after the fact, that's already made? | | |
| 17 | Q Okay. Under the self-insured plans, | 17 | A Yes. | | |
| 18 | Emblem and ConnectiCare is not actually incurring | 18 | Q Does that make sense? | | |
| 19 | any costs for the payments of those prescriptions, | 19 | A Yes. | | |
| 20 | correct? | 20 | Q So when we're talking about the | | |
| 21 | A I don't I'm not an insurance | 21 | low-income member payments from the government, is | | |
| 22 | expert, I'm a pharmacy expert. | 22 | that a subsidy or a reimbursement? | | |
| 23 | Q Okay. So you don't have an | 23 | A It's both. | | |
| 24 | understanding of whether the entire prescription | 24 | Q Both. Okay. | | |
| 25 | costs that Emblem or ConnectiCare is charged, is | 25 | And you also used the term "PDE"? | | |

| 3 | term of art used in industry? | 3 | would be a party or a plan separate from Emblem? | |
| 4 | A Yes. It's a prescription drug event. | 4 | A Yes. | |
| 5 | It is essentially the record of a claim that was | 5 | Q Okay. So it could be up to, you know, | |
| 6 | paid that is submitted to CMS. | 6 | at least, you know, three: From the government, | |
| 7 | THE COURT REPORTER: CML? | 7 | Emblem, and then if there's supplemental coverage, | |

| 22 | from the government for Medicare intended to cover a | 22 | of coverage; is that right? | |
| 23 | large portion of prescription drug costs? | 23 | A Correct. | |
| 24 | MR. WHORTON: Object to form. | 24 | Q Can you explain the various stages of | |
| 25 | THE WITNESS: Define "large." | 25 | Medicare coverage? | |
| | Page 51 | | Page 53 | |
| 1 | BY MS. ANDRAS: | 1 | A Sure. There's the deductible stage | |
| 2 | Q Are they intended to cover any | 2 | where the member pays 100 percent of everything. | |
| 3 | proportion, I guess, of prescription drug costs? | 3 | Then there is the initial coverage stage where, you | |
| 4 | A Yes. | 4 | know in a in a standard plan, the member is | |
| 5 | Q And do you have an understanding of | 5 | paying 25 percent. In a nonstandard plan, it's | |
| 6 | what percentage or amounts that they cover? | 6 | usually co-pay which is our how our plans are set | |
| 7 | A It varies. | 7 | up. Then there is the coverage gap, which has | |
| 8 | Q It varies depending upon which | 8 | recently been closed and is now 25 percent for | |
| 9 | factors? | 9 | both | |
| 10 | A The state of the benefit that the | 10 | THE COURT REPORTER: For both what? | |

| 17 | A If you have a commercial plan, if you | 17 | Q Okay. Let's unpack that a little bit. | |
| 18 | have a state-funded plan. So, like, for instance, | 18 | When you're talking about the first initial coverage | |
| 19 | in New York, there's a plan called Epic, and you can | 19 | stage, the deductible stage, that's when members pay | |

| 23 | really a secondary payer. It's a supplemental | 23 | amount? | |
| 24 | payer. With Epic, we process a claim first through | 24 | A Yes. | |
| 25 | Emblem, and then a portion of it goes to Epic as | 25 | Q Are there for Emblem or | |

| 1 | ConnectiCare's plans, do they have do they offer | 1 | A Oh, they vary. And I don't have them | | |
| 2 | plans where there's no deductible at the initial | 2 | in my head. | | |
| 3 | coverage stage? | 3 | Q Does it does it vary within each | | |
| 4 | MR. WHORTON: Object to form. | 4 | plan, or does it vary depending on drug price? | | |
| 5 | THE WITNESS: I believe so. | 5 | A Not drug price, no. It varies by | | |
| 6 | BY MS. ANDRAS: | 6 | plan. | | |
| 7 | Q Do they also offer plans that do have | 7 | Q Okay. So I ask that because the | | |
| 8 | a deductible in the initial coverage stage? | 8 | the variation on drug price would be a co-insurance | | |
| 9 | A Yes. | 9 | term, is that right, as a percentage of? | | |
| 10 | Q Are there variants as to the amount of | 10 | A Well, yeah. So you'd have a | | |
| 11 | the deductibles in the initial coverage stage when | 11 | standard you would have a defined percentage for | | |
| 12 | there is a deductible requirement? | 12 | cost share, right, and the amount that the member | | |
| 13 | A Yes. | 13 | would pay is based upon the price of the drug. | | |
| 14 | Q For the second stage that is the | 14 | Q So when you say "co-pay," do you mean | | |
| 15 | the initial coverage or what would you call the | 15 | like a flat co-pay, an amount that's set, or do you | | |
| 16 | second stage again? | 16 | mean co-insurance as well? | | |
| 17 | A Initial coverage. The first stage is | 17 | A No. I mean co-pay, flat amount. | | |
| 18 | deductible. | 18 | Q Okay. And for this coverage phase, | | |
| 19 | Q Okay. And then you talked about the | 19 | does Emblem or ConnectiCare offer any plans where | | |
| 20 | standard and nonstandard co-pays or structure? | 20 | there's a co-insurance structure in the initial | | |
| 21 | A Right. | 21 | coverage phase? | | |
| 22 | Q Can you explain that a little bit | 22 | A I don't believe so. | | |
| 23 | more? | 23 | Q All right. The next phase is the | | |
| 24 | A Sure. The CMS defines "standard" as a | 24 | coverage gap, correct? | | |
| 25 | 25 percent cost share. An MA plan does not need | 25 | A Correct. | | |
| | Page 55 | | Page 57 | | |
| 1 | to or a PDP for that matter, you can be an | 1 | Q And is it correct that once there's a | | |
| 2 | alternative equivalent plan, and you can have a | 2 | total threshold of out-of-pocket spent, the member | | |
| 3 | co-pay structure. And we generally have co-pay | 3 | reaches the coverage gap? | | |
| 4 | structures. | 4 | A There is a threshold that they need to | | |
| 5 | Q So the 25 percent, that is talking | 5 | hit, and that threshold changes every year. | | |
| 6 | about the member's share of the cost, correct? | 6 | Q And once they reach that coverage gap, | | |
| 7 | A Correct. | 7 | they have to pay what, 25 percent of any brand or | | |
| 8 | Q Okay. So the other 75 percent in the | 8 | generic drugs; is that right? | | |
| 9 | initial coverage phase would be covered by Emblem or | 9 | A Correct. So in effect, in a, you | | |
| 10 | by Medicare? | 10 | know, CMS standard plan, the initial coverage stage | | |
| 11 | A By Emblem. | 11 | and the coverage gap are one and the same now. And | | |
| 12 | Q Okay. Unless it was a self-funded | 12 | we refer to that as, you know, the coverage gap has | | |
| 13 | plan, then that would be covered by the plan | 13 | been closed because the member is paying 25 percent. | | |
| 14 | sponsor, correct? | 14 | Q Until 2018 there was still a coverage | | |
| 15 | A We don't have any self-funded | 15 | gap, correct? | | |
| 16 | Medicare. | 16 | A Sounds about right. I don't remember | | |
| 17 | Q Okay. But are you aware of whether | 17 | which year it finally closed. | | |
| 18 | other insurance companies or other plans might offer | 18 | Q And once you get to the catastrophic | | |
| 19 | that type of plan? | 19 | phase, how does a member reach the quote/unquote | | |
| 20 | A In Medicare? No, I don't know. | 20 | catastrophic phase of coverage? | | |
| 21 | Q Okay. And for you know, you said | 21 | A They have to hit a certain amount of | | |
| 22 | that Emblem uses the nonstandard, which has a | 22 | out-of-pocket expenses. It's called TROOP, true | | |
| 23 | co-pay; is that right? | 23 | out-of-pocket expenses. | | |
| 24 | A Yes. | 24 | THE COURT REPORTER: T-R-I-P? | | |

| 16 | here for valsartan. Do you see that? | 16 | know, from the only way to go from 100 percent of |
| 17 | A Yes. | 17 | Emblem covering it is decreasing the share, right? |
| 18 | Q And it indicates that in 2017, | 18 | A Correct. |
| 19 | valsartan was a tier 2 drug. It would be moving to | 19 | Q Do you know why valsartan was changed |
| 20 | a tier 1 in 2018; that is right? | 20 | to from tier 2 to tier 1 in 2018? |
| 21 | A Yes. | 21 | A I don't. |
| 22 | Q And for this type of plan in 2018, a | 22 | Q Could it have had to with the cost? |
| 23 | tier 1 was a preferred generic drug, correct? | 23 | A It could. |
| 24 | A Correct. | 24 | Q Are you aware of any studies or |
| 25 | Q And some of those plans, like for the | 25 | anything that affected the factors such as efficacy |
| | Page 147 | | Page 149 |

| 2 | reviewed in the compendium exhibit, that means a \$0 | 2 | a tier 1 versus a tier 2? |
| 3 | co-pay for valsartan, right? | 3 | A I am not. |
| 4 | A At a preferred pharmacy, I think that | 4 | Q So Emblem and ConnectiCare's |
| 5 | indicated. Yes. | 5 | comprehensive formularies for Medicare also contain |
| 6 | Q So that means that Emblem bore the | 6 | restrictions for utilization management that we |
| 7 | entire cost of those prescriptions? | 7 | discussed earlier, correct? |
| 8 | A That's correct. | 8 | A Often? I don't know that I can say |
| 9 | Q So if following the recall of | 9 | often, but it does contain restrictions for |
| 10 | valsartan, a member switched to a tier 2 drug as an | 10 | utilization management. |

Federal Rules of Civil Procedure Rule 30

- (e) Review By the Witness; Changes.
- (1) Review; Statement of Changes. On request by the deponent or a party before the deposition is completed, the deponent must be allowed 30 days after being notified by the officer that the transcript or recording is available in which:
- (A) to review the transcript or recording; and
- (B) if there are changes in form or substance, to sign a statement listing the changes and the reasons for making them.
- (2) Changes Indicated in the Officer's Certificate. The officer must note in the certificate prescribed by Rule 30(f)(1) whether a review was requested and, if so, must attach any changes the deponent makes during the 30-day period.

DISCLAIMER: THE FOREGOING FEDERAL PROCEDURE RULES ARE PROVIDED FOR INFORMATIONAL PURPOSES ONLY. THE ABOVE RULES ARE CURRENT AS OF APRIL 1, 2019. PLEASE REFER TO THE APPLICABLE FEDERAL RULES OF CIVIL PROCEDURE FOR UP-TO-DATE INFORMATION.

VERITEXT LEGAL SOLUTIONS COMPANY CERTIFICATE AND DISCLOSURE STATEMENT

Veritext Legal Solutions represents that the foregoing transcript is a true, correct and complete transcript of the colloquies, questions and answers as submitted by the court reporter. Veritext Legal Solutions further represents that the attached exhibits, if any, are true, correct and complete documents as submitted by the court reporter and/or attorneys in relation to this deposition and that the documents were processed in accordance with our litigation support and production standards.

Veritext Legal Solutions is committed to maintaining the confidentiality of client and witness information, in accordance with the regulations promulgated under the Health Insurance Portability and Accountability Act (HIPAA), as amended with respect to protected health information and the Gramm-Leach-Bliley Act, as amended, with respect to Personally Identifiable Information (PII). Physical transcripts and exhibits are managed under strict facility and personnel access controls. Electronic files of documents are stored in encrypted form and are transmitted in an encrypted fashion to authenticated parties who are permitted to access the material. Our data is hosted in a Tier 4 SSAE 16 certified facility.

Veritext Legal Solutions complies with all federal and State regulations with respect to the provision of court reporting services, and maintains its neutrality and independence regardless of relationship or the financial outcome of any litigation. Veritext requires adherence to the foregoing professional and ethical standards from all of its subcontractors in their independent contractor agreements.

Inquiries about Veritext Legal Solutions' confidentiality and security policies and practices should be directed to Veritext's Client Services Associates indicated on the cover of this document or at www.veritext.com.

Especially given the remote setting, 5 it's more important than ever that you and I do 6 our best not to interrupt one another or talk over 7 one another. So even if you know exactly where 8 I'm going with a question, I will respectfully ask 9 that you wait until I get to the end of my 10 question before you begin your answer and I will 11 do my very best to wait until you have completed 12 an answer before I begin my next question. 13 Fair enough? 14 A. Understood. 15 Q. During the course of day, I will 16 certainly ask questions that you may not fully 17 understand. If that is the case, please simply 18 let me know and I'll do my best to clarify my 19 question. 20 Okay? 21 A. Very good. Thank you. 22 Q. If you do answer my question, I'm |

MSPRC asserts no other claims 9 herein and specifically asserts no claims based on 10 any other assignment by any other type of TPP 11 besides the at-issue assignor MAOs." 12 Is that a stipulation that you were 13 aware of? 14 A. I'm seeing it now. I'm aware of it |
| So to the extent the complaint lidentifies all valsartan purchases, it's your runderstanding that all valsartan purchases were lilegal? A. If the purchases were paid for for the drugs identified in the complaint, it is my understanding that the plaintiffs have suffered economic damages. (Whereupon, Exhibit 1 was marked for identification.) All right. | 15 now. 16 Q. Okay. 17 You were not aware of it before your 18 deposition today? 19 A. Generally, yes. Not to the extent it 20 was in a written stipulation. I had reviewed the 21 stipulation, but generally, yes. 22 Q. Okay. 23 You identified those same three 24 entities as the entities whose claims MSP is 25 asserting today? |
| Page 31 I'm going to share my screen. Hopefully what you have in front of you now one moment, please. All right. You should have in front of you a document marked Stipulation Regarding Discovery. Is that showing on your screen? A. Yes, sir. Q. All right. Are you familiar with this document? A. I have not seen it before today. I Q. Okay. Were you aware before today that there was a stipulation entered into between the defendants and, among others, MSP, regarding the specific claims that MSP is asserting in this case and limitations upon its claims being asserted? A. No, I was not aware. | Page 33 1 A. Yes. 2 Q. And it was your understanding that 3 MSP is not asserting claims on behalf of any of 4 its other assignors in connection with this 5 litigation? 6 A. Yes, that's correct. 7 Q. With respect to those other 8 assignors, the stipulation contained in Exhibit A 9 that lists 36 other assignors besides the three 10 that we've talked about that also allegedly made 11 reimbursable payments for sartan-containing drugs. 12 I'm going to take a moment to show you that list 13 and ask you if you're familiar with these assignor 14 entities as well. 15 Can you read the list or do I need to 16 make it a little larger? 17 A. I could read it. |
| 18 Q. All right. 19 I'm going to direct your attention to 20 paragraph one, which reads "The only claims MSPRC 21 asserts herein" for the record, as used in this 22 document, MSPRC means the same thing as the 23 acronym MSP that I've been using. It refers to 24 that entity, the plaintiff entity. | 18 I am familiar with them. 19 Q. Okay. 20 You're familiar with these entities? 21 A. Yes. 22 Q. 1 Q. I'm going to go through what I've got 2 in a moment with those. First, I'd like to get 3 some general background.

4 How does MSP go about identifying 5 entities that are willing to assign claims to MSP?

There are certain individuals that

7 have relationships with Medicare Advantage plans

8 and those individuals that have the relationships

9 would approach or discuss what MSP Recovery does

10 with the healthcare claims data and they begin the

11 discussions about the assignments of those claims.

12

13 So it's a relationship-based model of

14 identifying assignors; is that correct?

15 MR. WHORTON: Object to form.

16 Generally, yes. A.

17 Q. Okay.

18 There's not, for example, a database

19 or repository of third-party payers that MSP

20 consults to identify potential assignors?

21 A. Not to my knowledge.

22 O. Does MSP use standardized assignment

23 agreements or do the terms vary for each assignor?

24 They typically would vary, depending

25 on any particular assignor.

Okay.

Page 55

Are the assignments typically

3 irrevocable?

Q.

1

2

4 A. Yes.

5 Is that standard or does that vary

6 depending on the particular assignor?

7 A. That is standard.

8

The consideration that MSP pays for

10 the assignments, is that standard or does that

11 vary by assignor?

12 A. It would vary.

13

14 What consideration did MSP pay to

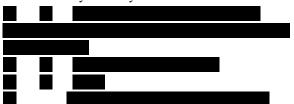

15 SummaCare for SummaCare's assignment?

The initial assignment was entered 16

17 into on a deferred compensation basis whereby the

18 assignor would be -- excuse me -- would be paid

19 50% of any recovery obtained in the future.

Page 56

Page 144 of 456

Q. All right.

9 The claims that are assigned to MSP

10 by its assignors, is that a standardized

11 assignment or does that vary by particular

12 assignor?

8

13

17

1

MR. WHORTON: Objection.

14 Vague.

15 A. Are you referring just to the three

16 assignors at issue or generally all the assignors?

Q. I'm starting with all of them.

18 I'm sorry. Would you repeat the

19 question, please?

20 O. Sure.

21 The claims that are assigned to MSP

22 by its assignors, are the claims assigned

23 standardized or do the particular claims assigned

24 vary by assignor?

25 MR. WHORTON: Objection.

Page 57

Vague.

2 The initial proposal is very standard

3 and occasionally an assignor will vary the scope

4 of the assignment.

5 O. Okay.

What is the initial standard proposal 6

7 that is typically made to an assignor?

A very broad assignment of any and

9 all claims and causes of action arising from the

10 claims data and the claims identified in the data.

11 All right.

12 Do the assignment -- does the initial

13 proposal typically encompass a specific period for

14 the assignment or is it unlimited in time?

15 A. It covers -- it covers all of the

16 entire claims period for the particular data that

17 is transferred to MSP Recovery.

18 Q. Okay.

19 What claims did SummaCare assign to

20 MSP?

21 SummaCare, if I recall, assigned,

22 again, a very broad assignment of any and all

23 claims and reimbursement rights and cause of

24 action arising from the claims identified in a

25 specific set of data that was transferred to MSP

1 But you believe there are other

- 2 agreements that exist with respect to the
- 3 assignment from ConnectiCare?
 - To my recollection, yes.
- 5 Okay.

4

- 6 To your knowledge, have there been
- 7 any amendments to either this assignment or any
- 8 other assignment or agreement assigning the claims
- 9 from ConnectiCare to MSP since the date of the
- 10 assignment?
- 11 A.
- 12 Q. To your knowledge, is there a
- 13 separate assignment from MSP Recovery to Series
- 14 15-09-157 of the ConnectiCare claims?
- 15 A. I don't recall.
- Q. 16 Other than your belief that the terms
- 17 of the assignment from ConnectiCare to MSP are
- 18 similar to the terms of the Emblem Health
- 19 assignment, is there anything specific you can
- 20 tell me that you recall about the terms of the
- 21 ConnectiCare assignment other than what are set

- 24 your counsel.
 - The assignment that is set forth in Q.

Page 112

- 1 Exhibit 4, was this assignment executed on or
- 2 about the date indicated, March 20th, 2018?
- 3 To my recollection, yes.
- 4 O. The second "Whereas" clause has a
- 5 definition of Medicare recovery claims that
- 6 is very similar to the Emblem Health definition.
- 7 Does that align with your
- 8 recollection that these were negotiated around the
- 9 same time?
- 10 A. Yes, it does.
- 11 Q. How are Emblem Health and
- 12 ConnectiCare related?
- 13 MR. WHORTON: Objection.
- 14 Lacks foundation.
- 15 A. I do not know.
- 16 Q. Okav.
- 17 You indicated the negotiations with
- 18 Emblem Health and ConnectiCare took place around
- the same time and in a -- kind of in a lock step
- 20 fashion. Those are my words, not yours.
- 21 Can you provide me a little more
- 22 history about how these two assignments came to be
- 23 negotiated at the same time?
- 24 Just generally I recall that there is
- 25 some relationship with Emblem Health and

Page 113

- 1 ConnectiCare. I just don't know specifically what
- 2 that relationship is and that's why I believe
- 3 these were negotiated together.
- 4 O. Okay.
- 5 The fourth "Whereas" clause on page
- 6 two has the date range for this assignment, which
- 7 it looks like is the same as the Emblem Health
- 8 date range, September 29th, 2011 to September 29,
- 2017; is that right?
- 10 A. Yes, that is correct.
- O. Has ConnectiCare assigned any claims 11
- 12 to MSP or any affiliated entity post
- 13 September 29th, 2017?
- 14 A. No.
- 15 Q. Has ConnectiCare assigned any claims
- 16 to MSP or any affiliated entity post
- 17 September 29th, 2017?
- 18 A. To my recollection, no.
- 19 O. Okay.
- 20 Earlier, you mentioned that SummaCare

Federal Rules of Civil Procedure Rule 30

- (e) Review By the Witness; Changes.
- (1) Review; Statement of Changes. On request by the deponent or a party before the deposition is completed, the deponent must be allowed 30 days after being notified by the officer that the transcript or recording is available in which:
- (A) to review the transcript or recording; and
- (B) if there are changes in form or substance, to sign a statement listing the changes and the reasons for making them.
- (2) Changes Indicated in the Officer's Certificate. The officer must note in the certificate prescribed by Rule 30(f)(1) whether a review was requested and, if so, must attach any changes the deponent makes during the 30-day period.

DISCLAIMER: THE FOREGOING FEDERAL PROCEDURE RULES ARE PROVIDED FOR INFORMATIONAL PURPOSES ONLY. THE ABOVE RULES ARE CURRENT AS OF APRIL 1, 2019. PLEASE REFER TO THE APPLICABLE FEDERAL RULES OF CIVIL PROCEDURE FOR UP-TO-DATE INFORMATION.

VERITEXT LEGAL SOLUTIONS COMPANY CERTIFICATE AND DISCLOSURE STATEMENT

Veritext Legal Solutions represents that the foregoing transcript is a true, correct and complete transcript of the colloquies, questions and answers as submitted by the court reporter. Veritext Legal Solutions further represents that the attached exhibits, if any, are true, correct and complete documents as submitted by the court reporter and/or attorneys in relation to this deposition and that the documents were processed in accordance with our litigation support and production standards.

Veritext Legal Solutions is committed to maintaining the confidentiality of client and witness information, in accordance with the regulations promulgated under the Health Insurance Portability and Accountability Act (HIPAA), as amended with respect to protected health information and the Gramm-Leach-Bliley Act, as amended, with respect to Personally Identifiable Information (PII). Physical transcripts and exhibits are managed under strict facility and personnel access controls. Electronic files of documents are stored in encrypted form and are transmitted in an encrypted fashion to authenticated parties who are permitted to access the material. Our data is hosted in a Tier 4 SSAE 16 certified facility.

Veritext Legal Solutions complies with all federal and State regulations with respect to the provision of court reporting services, and maintains its neutrality and independence regardless of relationship or the financial outcome of any litigation. Veritext requires adherence to the foregoing professional and ethical standards from all of its subcontractors in their independent contractor agreements.

| 8 To Defendants' First Set | 8 before, Mr. Brown? |
| 9 of Request for Production | 9 A. Yes. |
| 10 | 10 Q. All right. What were the circumstances |
| 11 (NOTE: No document was marked as exhibit 13.) | 11 of that deposition? |
| 12 | 12 A. It was related to nothing in the |
| 13 EXHIBITS DESIGNATED AS HIGHLY CONFIDENTIAL: | 13 Insurance Trust. It was related to an issue between a |
| 14 TB-3, TB-6, TB-7, TB-8, TB-9, TB-10, TB-11, TB-12, | 14 dealer and the manufacturer over the interpretation of |
| 15 TB-18, TB-19, TB-20, TB-21. | 15 Maine law. |
| 16 | 16 Q. Okay. Are you an attorney? |
| 17 PRODUCTION REQUESTS NOTED FOR THE RECORD: | 17 A. I am not. |
| 18 1. Page 131, Line 18 | Q. About how long ago was that deposition? |
| 19 2. Page 133, Line 13 | 19 A. Several years. I don't remember when. |
| 20 3. Page 136, Line 9 | Q. More than ten years ago? |
| 21 4. Page 145, Line 9 | A. No, it would be less than that. I |
| 22 5. Page 208, Line 22 | 22 don't know, four or five, maybe. |
| 23 6. Page 273, Line 2 | Q. Were you involved with a party in the |

Q. Mr. Brown, are you able to see that

Swell. Okay. So, this topic is the

18 topics at random, so let's go to number 8.

MR. HANSEL: They were produced.

MR. DORNER: They were, okay. Swell.

MR. DORNER: Can we scroll to topic 8,

Do you know whether or not all of those

6 premium-paying beneficiary versus dependent.) Did I

7 read that correctly?

8 A. Yes.

Q. So, can you give me some detail? How

10 did you prepare for this topic, specifically?

I assumed this was related to the list

12 of individuals who may have received some medication,

13 and that's not anything that MADA has.

14 What's not anything that MADA has?

15 We don't have a list of the individuals

16 who received certain medications.

17 Are you familiar with what Attachments

18 A, B and C to MADA's Plaintiff Fact Sheet are?

No, not without looking at them.

20 Did you look at them?

21 MR. HANSEL: Objection. The witness

| 3 Q. Do you know who at Anthem was in on | 3 reflect its opinions or views regarding Valsartan |
| 4 those conversations? | 4 products or the defendants' role related to the |
| 5 A. No. | 5 Valsartan product. For that first question, MADA |
| 6 Q. Do you have a guess? | 6 answered "None." Is that accurate? |
| 7 A. Well, initially, probably Patty Cobb, | 7 A. Yes. |
| 8 who was our account representative with Anthem. Other | 8 Q. And it remains accurate since this |
| 9 than that, I would not know. | 9 Plaintiff Fact Sheet was provided to us? |

| MR. DORNER: Let's go to page 5, please. Oh, we are on page 5. I'm sorry. | 18 A. Yes. |
| 19 Can we zoom in on the next couple of questions | 19 Q. Okay, great. That will clear a lot up, |
| 20 under let's do all three questions under | 20 because I wrote members in my outline, and I'll say it |
| 21 subsection C. | 21 a lot. Did MADA ever communicate with any of its |

| 13 A. I wouldn't know who would be | 13 A. Yes. |
| 14 responsible for dealing with this. | 14 Q. And that's the only contact of anybody |
| 15 Q. Would Ms. Cobb? | 15 at MADA with anybody outside of MADA for this case, |
| 16 A. Yes. | 16 right? |
| 17 Q. Would you describe her as your primary | 17 A. Yes. |
| 18 contact at Anthem? | 18 MR. DORNER: All right. It's 9:46 in |
| 19 A. Yes. | 19 the East. We've been going for about an hour |
| Q. And is that true from 2012 to the | and 15 minutes, with some breaks in here, but |
| 21 present day? | 21 I think now is probably a good time to take |

| 9 MR. DORNER: Can we go to Exhibit 14, | 9 so \$20 for a Tier 1 would become \$40? | | |

Page 10 Page 12 1 As you know or have seen, somebody is taking 1 you're going to hear either one of Anthem's lawyers, 2 down everything we say today. And so while we do 2 maybe a plaintiff's attorney, maybe a defense 3 have video recording, chances are if this gets used, 3 attorney who's just giving me a rough time, you may 4 it will be used -- the stenographic record will be 4 hear them say "objection" to a question that I've 5 used to refer to it. So our court reporter 5 asked. That's very normal in a deposition. Unlike 6 Ms. Dawson -- excuse me, Ms. Dawkins is not able to 6 court, things don't stop. There's not a big 7 transcribe "uh-huh" or "uh-uh," those sounds we 7 argument. Instead, usually you will just still 8 normally make in normal conversation: Yes, nos, 8 answer the question, so you should feel free to 9 maybes, I don't knows. Full words are what we need 9 answer questions. 10 today. So, keep that up. Like I said, you're doing 10 The one exception to that is there may come a 11 great. 11 time when an attorney might instruct you not to 12 The next rule is our court reporter is going 12 answer. At that point, don't answer. The lawyers 13 to have a difficult time if we talk over each other 13 may have to hash something out but, generally 14 today, and so I will do my very best to not speak 14 speaking, if you hear "objection," we just keep 15 over you if you're giving an answer. I would ask the 15 going. Okay? 16 same courtesy in return. If I'm asking a question, 16 Α 17 17 go ahead and wait until I get to the end of the Q All right. And I think the last 18 question before you give your answer. Is that fine 18 procedural thing here is you will be shown documents 19 with you? 19 today. I think we've got roughly about a dozen 20 Α Yes. 20 exhibits or so. Some are very, very brief. Some 21 0 And I will warn you -- and I do it 21 are a little longer. And so if at any point you 22 too. It's not just witnesses, it's attorneys too --22 feel a need to flip through an exhibit to review it, 23 when we're getting towards the end or the end of the 23 you should feel free to speak up. And you are, of 24 day or whenever it is and you just want to get out 24 course, free to do that. Okay? 25 25 of there, that's when that tendency really starts to Α Yes. Page 13 Page 11 Q All right. Just as a reminder on the 1 creep up to talk over one another, because you 2 record, everybody listening in, it could be that 2 probably know what I'm asking already and I probably 3 know what your answers are going to be, but we'll 3 some of the testimony today might be designated 4 confidential under the confidentiality and 4 get through it. If at any time you don't understand a question 5 protective order in this case. Some of the 6 that I've asked, will you let me know so that I can 6 documents may be subject to the confidentiality and 7 rephrase it? 7 protective order in this case. So everybody is 8 reminded to act in accordance with that 8 Α Certainly. And then if I do get an answer to a 9 confidentiality order and any subsequent 10 confidentiality order that might be entered by the 10 question, I am going to go ahead and assume you 11 understood what I was asking. Fair? 11 court. 12 Α Fair. 12 All right, Ms. Cobb. Here are some basics. 13 Did you bring a cell phone with you today? Okay. I will try to schedule breaks

14 throughout the day. Generally we do them about 14 Α I did not. 15 15 every hour-ish or so, but this is -- we are on Q Okay. Let me go off script for a 16 lockdown for an hour, so if you need to take a break 16 second. It looks like are you at home today. 17 Α 17 for any reason, let me know. Okay? Yes, I am. 18 18 0 Okay. Where are you joining us from? Α Sounds good. 19 The only real caveat to that is if I 19 Α I am joining you from my home in 20 Embden, Maine. 20 am in the middle of a question or we would say a 21 21 question is pending, generally we'd want the Q Amden? 22 Embden. 22 question answered before we go and take the break. Α 23 23 So, that's really the only caveat to that. Okay? Q Could you spell that, please? 24 Sure, E-M-B-D-E-N. 24 All right. A Α 25 25 Q All right. It sounds like a lovely Q Super. Chances are at some point

| 1 Q Sure. Take your time. | 1 Q When you say the PBM, who are you |
| 2 A There were reports which were | 2 referring to? |
| 3 requested of me which I had obtained at the time | 3 A Well, over the course of time that we |
| 4 that they were requested, and I have reviewed those | 4 are covering, I believe that was mostly the PBM that |
| 5 reports just to better familiarize myself with them. | 5 was in effect at that time was Express Scripts. |
| 6 Q What sorts of what was the content | 6 Q And then is there another one in the |
| 7 of these reports? | 7 picture? |
| 8 A Based upon the request that was made | 8 A Effective July 1 of 2019 IngenioRX |
| 9 of me, the reports were to identify those claims | 9 became the PBM for Maine Auto Dealers Association |
| 10 which were paid by our PBM on behalf of MADA for the | 10 Insurance Trust. |
| 11 VCDs. | 11 Q And did they become the PBM through |
| | 12 Anthem's decision, like that was a horrible |
| | 13 question. Let me re-ask that. |
| 13 abbreviations I want to make for the record. PBM, | |
| 14 pharmacy benefits manager, is that your | Was it Anthem who decided to replace Maine 15 Auto's PBM or was it MADA's decision? |
| 15 understanding of that term? | |
| 16 A Yes. | 16 A It was Anthem. |
| 17 Q And VCDs, that's Victor Charlie Delta, | 17 Q Okay. Now let's go just down one more |
| 18 that's valsartan-containing drugs? | 18 page to topic 34. This is a long one, but it's the |
| 19 A Yes, or the substitute blood pressure | 19 only topic I will represent to you it's the only |
| 20 medications. | 20 topic I included that deals with formularies. Do |
| 21 Q Right. Okay. Great. So I tend to | 21 you recall this topic? |
| 22 differentiate between valsartan-containing drugs and | 22 A Yes, I do. |
| 23 other blood pressure medications that aren't | Q What did you do to prepare to testify |
| 24 valsartan. So when I ask questions about those, I | 24 on this topic? |
| 25 do intend to keep those two things separate. Okay? | 25 A Over the course of time for which MADA |

So other than the 5 preparations that we have already talked about, your 6 meeting with counsel, review of some documents, did 7 you do anything else to prepare for today's 8 deposition? 9 A That is probably it. 10 Q Did you speak with anybody other than 11 your attorneys or well, yeah. Did you speak with 12 anybody other than your attorneys about today's 13 proceeding? 14 A Not specifically. I did let my own 15 director and regional vice president of sales know 16 that I was going to be giving a deposition. 17 Q I totally understand. I had to do the 18 same thing, because when I am taking a deposition, 19 that usually means the days leading up I am not 20 going to be home very much, so I had to tell people 21 too. I had to tell my director. It's my fiance. |
| 3 that you reviewed, it's claims data, right? 4 A Correct. 5 Q Okay. And would that claims data 6 speak to whether or not there were things like 7 Medicare subsidies or rebates or something like 8 that, would that claims data have reflected that 9 information? 10 A That claims data did not. 11 Q Did you review anything else that 12 might reflect information about subsidies, rebates, 13 things of that nature? 14 A I did not. 15 Q Okay. | 2 A I have not. | 2 you say you've become with a plan's benefits design? |
| 3 Q Okay. Did you bring any documents | 3 MR. FULLER: Objection. Vague. |
| 4 with you today for this deposition? | 4 Q This is one of those times where you |
| 5 A I did not. | 5 might hear "objection," but you can answer if you |
| 6 Q All right. Let's get into some | 6 understand. |
| 7 substantive stuff here. Tell me a little bit about | 7 A I've become, I would say, pretty |
| 8 yourself. What is your role within Anthem? | 8 familiar with a particular plan design. |
| 9 A I am an account management consultant. | 9 Q Okay. And so are you personally |
| 10 Q And forgive me if I take some notes. | 10 are you very familiar with the plans that MADA |
| 11 I just want to make sure I get these details right. | 11 offered from 2012 to, let's say, 2020? |
| 12 What does an account management consultant at Anthem | 12 A I wouldn't say that I am very |
| 13 do? | 13 familiar. |
| 14 A We work perhaps there is a lot that | 14 Q Great. I am crossing off some |
| 15 we do, but we work as a conduit for our customers to | 15 questions here. Could you explain particularly what |
| 16 Anthem. That's probably the highest level I can | 16 your common interactions are with MADA as an account |
| 17 give you as a description. | 17 management consultant? |
| 18 Q Okay. So are you, like, a liaison | 18 A I supply claims reporting to them. I |
| 19 between the plan and Anthem Blue Cross/Blue Shield? | 19 answer many of their day to day questions. I am |
| 20 A Yes. | 20 truly, I think, in constant contact with them since |
| 21 Q All right. As an account management | 21 they are a large customer for us here in Maine. I |
| 22 consultant, how familiar do you get with a | 22 work internally as their questions come to me in |
| 23 particular plan, sponsors, benefits design or plans | 23 order to get them the answers that they need. |
| 24 that they offer? | 24 Q Okay. About how much of your time |
| 25 MR. FULLER: I am just going to make a | 25 would you say you spend dealing on MADA-related |
| Page 27 | Page 29 |
| 1 general objection. I am just going to make a | 1 matters versus other clients? |
| 2 general objection. It's a vague question. I don't | 2 A It varies. It varies between their |
| 3 know if you want to be more specific about it, but | 3 open enrollment period versus the rest of the year |
| 4 it's vague. | 4 and also what their needs are at any particular |
| 5 MR. DORNER: Okay. And I know, | 5 time. I would, perhaps, say for the bulk of |
| 6 Mr. Fuller, you probably don't have the benefit of | 6 business that I manage, they probably consume 10 to |
| 7 this. We've got a deposition protocol in this case. | 7 15 percent of my time. |
| 8 I'm sure you haven't seen it. I apologize. If I | 8 Q Okay. Is Anthem aware that MADA has |
| 9 should have sent that to you, I do apologize. | 9 filed a lawsuit against a number of defendants |
| 10 I know the Court in this case | 10 relating to a medication called valsartan? |
| 11 generally prefers just a quick objection; vague, one | 11 A To the extent that I've let anyone |
| 12 or two words, unless it's an instruction not to | 12 internally here know that I was giving this |
| 13 answer. So I realize you didn't know that, so I | 13 deposition. |
| 14 just want to let you know that that's the procedure | 14 Q You're certainly aware, personally |
| 15 we've got in place for depositions in this matter. | 15 you're aware that MADA has filed a lawsuit over |
| 16 Okay? | 16 valsartan, right? |
| 17 MR. FULLER: Okay. Did I stray beyond | 17 A Yes. |
| 18 it? It didn't seem like I did, but if I did, | |

20 your understanding, but Anthem's understanding of

23 of myself, which I realize I am speaking on behalf

25 class action suit with regard to valsartan claims.

24 of MADA, is that they have filed suit, some type of

I think I would be speaking on behalf

21 what MADA's lawsuit is about?

22

MR. DORNER: Not at all. And I don't

So I am going to re-ask that question.

21 think you said too much at all, certainly. I don't

22 think you were testifying into the record. I was

23 just letting you know the custom in this case, so I

24 think we're fine.

| 1 Q Do you have any idea the kind of | 1 wouldn't be able to do that? |
| 2 damages that they are attempting to recover? | 2 A I would not. |
| 3 A I do not know that. | 3 Q Lucky you. It's just a big lawsuit. |
| 4 Q So can you generally describe the | 4 You don't want to know anything about that. Well, |
| 5 kinds of communications that have occurred between | 5 I'll tell you, so I do represent one of the |
| 6 Anthem and MADA regarding the lawsuit? | 6 defendants in that case, actually a number of the |
| 7 A I think overall those have been | 7 defendants in that case. Just to share, that's |
| 8 somewhat limited, really, to the gathering of the | 8 Prinston Pharmaceutical, Zhejiang-Huahai |
| 9 reports that I have been able to get that I have | 9 Pharmaceutical that's Z-H-E-J-I-A-N-G; |
| 10 subsequently supplied. | 10 H-U-A-H-A-I Solco Healthcare and Huahai U.S. |
| 11 Q About how many reports has Anthem | 11 Incorporated. |
| 12 supplied to MADA since the lawsuit began? And I | 12 I might refer to those entities collectively |
| 13 want to say it's 2018, either '18 or '19, but how | 13 as ZHP. So if I say "ZHP," you understand that is |
| 14 many reports has Anthem supplied to MADA? | 14 what I am referring to? |
| 15 A I believe there are only three. | 15 A Yes. |
| 16 Q Can you just tell me what those three | 16 Q And you understand there are other |
| 17 reports are; like, describe them for me? | 17 lawyers on this call, both for plaintiffs and the |
| 18 A Sure. They're claims reports, some of | 18 other defendants in this lawsuit? |
| 19 which I would say do have the information that I | 19 A Yes, I do understand that. |
| 20 provided did contain PHI, personal health | 20 Q All right. And then at the end of the |
| 21 information to identify the claims that were filled, | 21 day today it might be that some of them will also |
| 22 the dates they were filled, the amounts that were | 22 have some questions for you. I hope it's not much, |

Now, Ms. Cobb, 16 have you seen this document before? 17 A Yes. 18 Q When would you have seen this? 19 A I would have seen this during our 20 preparations. 21 Q Okay. You'll notice at the bottom of 22 pages 45 and 46 there's reference to valsartan and |
| 3 cetera, but that's the gist of the report. 4 Q Well, I think we'll probably be taking 5 a look at one or two of those today or one or two 6 similar ones. I'm not sure if they're exact 7 replicas of the reports you're talking about. Maybe 8 we can find out over the course of today. 9 Would it be difficult for you to, if you were 10 to be asked to search for emails between you and 11 either MADA and counsel, would those be difficult for 12 you to locate? 13 MR. FULLER: I am going to make an 14 objection there. I think we've already produced the 15 documents responsive. 16 MR. DORNER: I don't believe you have, 17 but it doesn't matter. You can answer the question. 18 A Yes, I would be able to find and 19 produce those emails. 20 Q Are you able to tell me who any of the 21 defendants are in the lawsuit that MADA has filed? | 3 to get my youngest out the door. So could we take, 4 like, a ten minute break a little earlier on this 5 hour? 6 MR. DORNER: That's completely fine. 7 Yeah. So we'll take 10 and we'll reconvene at, 8 let's just say 10 to 11 in the east. 9 THE VIDEOGRAPHER: Going off the 10 record, the time is 10:41. Stand by. 11 (Off the record.) 12 THE VIDEOGRAPHER: We are back on the 13 video record. The time is 10:55. 14 Q Welcome back, everybody. Let's put up 15 page 15 of Exhibit 1. There it is. Now, Ms. Cobb, 16 have you seen this document before? 17 A Yes. 18 Q When would you have seen this? 19 A I would have seen this during our 20 preparations. 21 Q Okay. You'll notice at the bottom of |

| 14 A Sure. | 14 objection. It's outside the scope of the depo |
| 15 Q All right. So we can take that | 15 topics. |
| 16 exhibit down, and let's talk a little bit about what | 16 Q You can answer. |
| 17 Anthem does. | 17 A I think, defining how those plans are, |
| So, first off, can you tell me a little bit | 18 I would say those are the three categories that |
| 19 about the kinds of plans that Anthem provides | 19 plans typically fall into. Within those categories |
| 20 benefits administration services for? | 20 plans can have almost an infinite number of |
| 21 A Anthem Maine provides administrative | 21 variations because of the cost shares that different |
| 22 services for health plans. Those health plans can | 22 employers decide to impose upon their employees, so |
| 23 include your PPO plans, preferred provider | 23 deductible total out of pocket copayments, et |
| 24 organizations. They can include consumer driven | 24 cetera. |
| 25 health plans or plans that are compatible with | 25 Q Okay. So I'd like to focus, then, on |
| Page 35 | Page 37 |
| 1 health savings account and they also include a | 1 where Anthem fits into MADA's Mayda's health |
| 2 variety of different HMO plans. | 2 benefits process. Could you describe the source of |
| 3 Q And when we're talking about plans, | 3 services that Anthem was providing to MADA from 2012 |
| 4 every plan is going to have a plan sponsor, right? | 4 to, let's say, 2020? |
| 5 A Yes. | 5 A Sure. During that time, Anthem Health |
| 6 Q And those are what we typically might | 6 Plans of Maine has provided at least three. There |
| 7 refer to as third-party payers? | 7 are now four different health benefit options for |
| 8 A Yes. | 8 Maine auto dealer members. At the present time |
| 9 Q How diverse would you say the | 9 there are two PPO options and two high deductible |
| 10 third-party payers that Anthem is providing services | 10 health plans that are compatible with HSA programs. |
| 11 for; is it quite a range, big and small, for | 11 Q You said there were oh, I |
| 12 example? | 12 understand. So that's where you get the four, two |
| 13 A Typically we provide third-party | 13 PPO plus two HSA? |
| 14 administrative services for our larger customers. | 14 A Two and two, yes. |
| 15 Q What would you say is the smallest of | 15 Q When it was three, how did that break |
| 16 Anthem Maine's customers that you're providing | 16 down? |
| 17 benefits services for? | 17 A I believe when it was three, they just |
| 18 A Probably 300 contracts with | 18 simply have three PPO options. |
| 19 approximately 500 members. | 19 Q So those are the plans that Anthem is |
| Q And when you refer to contracts, what | 20 offering to MADA. I understand there's also a |
| 21 are you referring to? | 21 service component to what Anthem is providing to |
| 22 A Contracts are what we would define as | 22 MADA. What sort of services are provided as part of |
| 23 the policy holder | 23 offering those plans? |
| Q Gotcha. | 24 A What we administer, I say. We |
| 25 A so 300 employees. | 25 administer those plans on behalf of Maine auto |

| 4 | what would administration of those plans involve? | 4 | Q Aww. |
| 5 | Just generally discuss what does that involve. | 5 | A If I try to keep the door closed, he's |
| 6 | A Sure. Administration of those plans | 6 | just going to try to scratch at it, so |

For a general medication like a valsartan, would there be any approvals necessary? A Well, the member's coverage has to be active. As long as it's considered to be a covered prescription, which I understand valsartan was or is, then it would be that claim would proceed to be processed. Q No pre-approval, I guess, necessary? |
| 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 | not that person went to a mail order versus a brick and mortar pharmacy? A No. Q Okay. A No. Q So let's assume this person goes to any old pharmacy there in Maine, gets a fill for valsartan. How is that claim processed? Walk me through that. MR. FULLER: I am going to make an objection. That's a incomplete hypothetical. Q You can answer. A A member goes to a pharmacy. They present their identification card. The pharmacist will proceed to enter the member's identification number into the system and proceed to fill the prescription that their doctor has prescribed to them. That information that the pharmacist enters feeds to the PBM that Anthem works with or that we contract with at any time to process that claim, and | 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 | cetera. That information, as I can at least understand it, it goes to the PBM. The PBM processes that against the benefits that the employee has on behalf of MADA. Q Okay. So the processing that the PBM is doing is saying correct me if I'm getting this wrong it's saying, all right. Here's what the member wants to fill. Here is the benefit that their plan provides. Putting those two things together, the member owes so much dollars and MADA owes so many dollars. Is that accurate? A Correct. Q Great. Simple. For a general medication like a valsartan, would there be any approvals necessary? A Well, the member's coverage has to be active. As long as it's considered to be a covered prescription, which I understand valsartan was or is, then it would be that claim would proceed to be processed. Q No pre-approval, I guess, necessary? |

Page 45

D--- 12

Q Okay. So then a payment is presumably

- 2 made at some point. I think you said the member
- 3 pays their portion of the prescription cost, but
- 4 then there is another portion that MADA has to pay.
- 5 Does MADA immediately write a check or send a
- 6 transfer of money or does money come from somewhere
- 7 else at first?

1

- 8 A Well, what happens is, is that
- 9 particular prescription claim and others that MADA
- 10 members fill throughout a period of time are
- 11 calculated and are in fact billed to Maine Auto
- 12 Dealers Association, you know, MADA in order for
- 13 them to pay their claims.
- 14 Since they are a self -- when -- they are an
- 15 ASO customer with us, administrative services only,
- 16 so that means that Anthem provides administrative
- 17 services to them, but they are responsible for paying
- 18 their own claims. With that we inform them on a
- 19 weekly basis what their claims responsibility is.
- 20 Q Okay. So ultimately this pharmacy,
- 21 whatever pharmacy in our hypothetical this person
- 22 has gone to, ultimately they want \$100 for whatever
- 23 this prescription is, this valsartan prescription.
- 24 The member, let's say, has put down \$20 as a
- 25 copay. There's \$80 left. Where does that pharmacy

- Page 42
 - 1 Q Okay. All right. Fair to say the
 - 2 pharmacy isn't paid right away, there's at least a
 - 3 week's worth of lead time, that's how long it takes
 - 4 for Anthem to get the claim data to MADA?
 - 5 A When the member leaves the pharmacy,
 - 6 the pharmacy knows that that payment will get made,
 - 7 because that claim has been approved when the
 - 8 pharmacist put that claim through. When exactly
 - 9 that payment gets made, I can't speak to.
 - 10 Q Fair. It's not instantaneous, I think
 - 11 we can agree to that, right? Was that an "I don't
 - 12 know"?
 - 13 A I don't know if it's instantaneous or
 - 14 not. They know that the claim has been approved.
 - 15 Q Okay. All right. Let's go ahead and
 - 16 let's go to Exhibit 2, all right, and can we go down
 - 17 one page. All right, Ms. Cobb. Have you seen this
 - 18 document before?
 - 19 A Yes, I have.
 - Q Could you tell us what it is?
 - 21 A It is the administrative services
 - 22 agreement between Anthem and MADA.
 - 23 Q Okay. Now, I have modified this
 - 24 document. I am just letting you know I have
 - 25 modified this document just slightly. I understand

Page 43

1 get the \$80 from?

- 2 MR. FULLER: I am making an objection.
- 3 Lacks foundation. Calls for speculation.
- 4 Q You can answer.
- 5 A That \$80 is billed through the PBM and
- 6 that information on a weekly basis comes to Anthem
- 7 so that we may then in turn bill MADA for their
- 8 prescription claims as well as their medical claims.
- 9 Q Okay. And then does MADA directly pay 10 the pharmacy or do they pay Anthem or Anthem's PBM
- to the pharmacy of do they pay runnem of runnems i Bir
- 11 and then Anthem's PBM ultimately writes the check to
- 12 the pharmacy for the \$80?
- 13 A Well, we inform MADA on a weekly basis
- 14 what their claims responsibility is and they pay via
- 15 ACH wire.
- 16 Q Wire to whom, where does the money go?
- 17 A That would come back to Anthem.
- 18 Q Okay. And then Anthem would then cut
- 19 a separate check or ACH or some form of payment that
- 20 would ultimately go to the pharmacy; is that right?
- 21 A Some form of payment, correct.
- 22 Q Other than a check or a wire transfer,
- 23 are there any other --
- 24 A I do not know specifically how that
- 25 payment arrives back at the pharmacy.

- 1 there were a number of amendments that have been
- 2 made to this document, and so I took every one that
- 3 we have that that's been produced and I added them
- 4 to the end of this in the order that they go.
- 5 So, it's this administrative services
- 6 agreement followed by Amendment 3, then Amendment 4,
- 7 then Amendment 5, then Amendment 6. Do you follow 8 me?
- 9 A Yes, I do.
- 10 Q Are you generally familiar with those
- 11 amendments as well?
- 12 A Generally, yes.
- 13 Q All right. Now, before we get to
- 14 discussing some of the terms in this document, we
- 15 are missing Amendments 1 and 2 to the administrative
- 16 services agreement. By the way, can I call it the
- 17 ASA for short?
- 18 A Sure.
- 19 Q Okay. Good. So have you ever
- 20 reviewed -- you personally -- have you ever reviewed
- 21 Amendment 1 or Amendment 2 to the ASA?
- 22 A I don't believe so.
- 23 Q Does anybody at Anthem have any
- 24 knowledge as to what was in Amendment 1 of the ASA?
- 25 A I don't know. I expect Amendment 1

| 1 page, please. All right. There we go. | 1 ask it this way. |
| 2 Q And I want to focus on the definition | 2 In the example we were talking about earlier |
| 3 of paid claim. I realize it's quite a long | 3 where somebody got a prescription for valsartan, does |
| 4 definition. Let's just do the top paragraph. | 4 the plan what happens first; does the plan pay |
| 5 So a paid claim, if you want to review and | 5 Anthem and then Anthem tenders payment to, in that |
| 6 take your time, but a paid claim is basically | 6 case the pharmacy, or does Anthem pay the pharmacy |
| 7 whatever Anthem charged MADA for a covered service, | 7 and then sort of gets reimbursed by the plan for the |
| 8 like a prescription drug. Is that accurate? | 8 claims? |
| 9 MR. FULLER: Are you asking her to | 9 A Well, I might be repeating myself from |
| 10 define this term? | 10 earlier, so my apologies. As in the case of |
| 11 MR. DORNER: Can we repeat the | 11 prescription claim as that member goes to the |
| 12 question, please? | 12 pharmacy, fills that prescription, the prescription |
| 13 (The previous question as requested | 13 is approved, the member pays their portion. The |
| 14 was read by the reporter.) | 14 pharmacy knows that the prescription is approved and |
| MR. DORNER: That's what I'm asking. | 15 the member has paid that portion. That balance is |
| 16 MR. FULLER: And I'm asking, are you | 16 an amount that then goes to the PBM. |
| 17 asking her by this term | The PBM then transfers those claims to Anthem, |
| 18 MR. DORNER: Chad, I asked the | 18 whereby we bill MADA for their prescription claims as |

| 20 answer it. | 20 that week time period. |
| 21 MR. FULLER: Yes. I understand that, | 21 Q Okay. And I think I understand the |
| 22 but you've got this term up. Is she supposed to | 22 process getting up to there. I guess I am just |
| 23 be | 23 asking who actually who pays the pharmacy; does |
| 24 MR. DORNER: Do you have an objection | 24 it come from Anthem before Anthem collects from MADA |
| 25 or not? Do you have an objection? | 25 or does it does MADA pay Anthem first and then |
| Page 51 | Page 53 |
| 1 MR. FULLER: Yeah. The document | 1 Anthem basically just transfers that payment over to |
| 2 MR. DORNER: Make your objection. | 2 the pharmacy? |
| 3 MR. FULLER: speaks for itself. | 3 A MADA pays Anthem. How that transfer |

| 9 performance-related payments pursuant to its ASA. I | 9 A There is nothing here. |
| 10 believe it's page 129 of the ASA. Frankly, I don't | 10 Q Okay. Let's go ahead and go to |
| 11 know oh, that's right. We were going to look at | 11 Amendment 5 that's on MADA 294, and I believe this |
| 12 all of the amendments to the administrative services | 12 one spans two pages. If you'd like the time to |

14 effect. Is that still what you'd like to do,

15 Ms. Cobb?

16 We can proceed.

17 Okay. So we know that that section

18 was in the original ASA. Let's go ahead and go to

19 MADA 155. This is also in Exhibit 2. If you'd like

20 time to go through this, that's fine. It's a little

21 longer than most, so we would probably pause the

22 record real quick so you could read things, but my

23 question is going to be, do you see anything in

24 Amendment 3 to the administrative services agreement

25 that removes the performance payments section we

I would point out that if it's of any interest

15 to you, this document goes in order in terms of

16 articles: Articles 1, 2 is amended, Article 9 is

17 amended, Article 15 is amended, and the provision

18 that we are dealing with, I believe, falls within

19 Article 1.

20 So if that helps speed up your review,

21 certainly take that advice, but don't feel you need

22 to. And my question is, do you see anything in our

23 Amendment 5 that eliminates the performance standards

24 provision?

25 A I do not.

18 (Pages 66 - 69)

| | | | Page 70 |
|---|-----------|---------------------------------------|---------|
| 1 | Q | Okay. And then the effective date of | of |
| 2 | Article 5 | , it appears, goes up through March 1 | of |

3 2019. Would you agree?

4 Α Yes.

12

5 Okay. So let me bring back my Q

6 question, then, and let me shorten the time span a

7 little bit. From 2012 through February 28, 2019,

8 did Anthem ever establish any performance payments

9 that could have directly or indirectly related to

10 valsartan or other blood pressure medications?

MR. FULLER: Objection to form.

0 You can answer if you understand.

13 Α Prescription claims, whether it's

14 valsartan or any others, are managed by the PBM in

15 effect at the time. Are you folks still there?

Q Yeah, I'm still here. 16

17 Oh, I'm sorry. My screen changed. So A

18 I just click "open Zoom meetings"?

THE VIDEOGRAPHER: Is it possible that

20 you minimized it?

21 THE WITNESS: Yeah. I didn't touch

22 anything. All that I had touched earlier was just

23 to eliminate the pictures that were coming up on my

24 screen so I could see the full document as it was

25 being presented.

1 accompanied, I believe, Amendment 3 to the ASA. Are 2 you familiar with this document?

A Yes.

Document 2009-3

PageID: 60612

4 And it was in effect from March 1,

5 2017 to February 1, 2018, right?

Α Yes.

7 Q Can we go to the next page, please.

8 So here it lists on this page prescription benefit

9 services. Is this what Anthem is contending the PBM

10 was -- is this a summary of what Anthem would say

11 the PBM was responsible for?

12 Thank you for enlarging that. Yes,

13 that would be -- these things would be the

14 responsibility of the PBM.

15 Okay. Would they have any other

16 responsibilities other than what's here?

17 Well, this is a rather extensive list.

18 I would expect that they could have other

19 responsibilities in addition to these.

20 So are you not sure whether they had

21 additional responsibilities?

I would believe that they certainly 22

23 have these responsibilities.

24 Okay. Does -- in this list of PBM

25 responsibilities that we are looking at, does

Page 71

1 THE VIDEOGRAPHER: I'm not sure. Are

2 you seeing anything on Zoom at all?

3 THE WITNESS: All I'm seeing is just

4 the Novack Trial Services.

THE VIDEOGRAPHER: Okay. If you go

6 along the bottom of your screen, you should see

7 something that looks like a blue box with a camera

8 in it.

9 THE WITNESS: To the right?

10 THE VIDEOGRAPHER: All the way at the

11 bottom of your screen.

12 THE WITNESS: Okay. I'm back. Sorry

13 about that. It just disappeared on me. Sorry,

14 folks.

15 (Continuing) But to the point of the

16 time period that we are talking about from 2012

17 forward, a PBM whether it was Express Scripts or

18 Ingenio, has kind of a responsibility for

19 prescription claims, performance, negotiations, et

20 cetera.

21 MR. DORNER: Give me just a second.

22 Can we go to MADA 162, please. Actually, let's go

23 back one page.

24 So this is Schedule B to the Q

25 administrative services agreement as amended. This

Page 73

1 establishment of goals, outcomes or performance 2 standards, does that appear anywhere in any of these

3 responsibilities?

4 MR. FULLER: Those words?

5 0 The whole concept.

6 Α The concept of?

7 Q Establishing.

8 Α It's not stated here.

Q Okay. All right. So is it still --

10 is it Anthem's contention, nevertheless, that a PBM

11 instead of Anthem would have been responsible for

12 establishing goals, outcomes or performance

13 standards for which incentives, rewards or bonuses

14 could have been paid to a vendor or provider?

15 Α A PBM can't, whether -- at this time

16 period, 2017 to 2018 time period, Express Scripts

17 which was the PBM that Anthem contracted with was

18 responsible for pharmacy services.

MR. DORNER: Could you read back my

| 16 Q Okay. I'm asking you the definition | 16 Continue, please. |
| 17 of recovery services and what it includes. That's a | 17 A So since they manage those |
| 18 part of the agreement here that you have with MADA? | 18 prescription claims, then they would manage all |
| 19 A Sure. | 19 aspects of those prescription claims. |
| 20 Q Would getting proceeds from a class | Q Okay. So you're saying, then, that |
| 21 action and paying that to MADA constitute a recovery | 21 these recovery services is included within whatever |

| Page 79 | Page 81 |
| 1 A My understanding is that, you know, | 1 MR. DORNER: Can we go to MADA 132, |
| 2 once again, I really think that that's beyond what | 2 please. Okay. I want to blow up item L. I guess |
| 3 I'm able to represent on behalf of Anthem. | 3 it's a lower case L. |
| 4 Q Okay. Has Anthem ever performed any | 4 Q So this item says that, "On behalf of |
| 5 recovery services for MADA in any respect? 6 A Over the course of time that we have | 5 plan sponsor, Anthem shall produce and maintain a |
| | 6 master copy of the benefits booklet and make changes |
| 7 that we've been their third party administrator, we | 7 and amendments to the master copy of the benefits |
| 8 have, yes. There have been times when we've had to 9 recover claims. | 8 booklet and incorporate any approved changes or |
| | 9 amendments pursuant to Article 18A of this 10 agreement." Did I read that correctly? |
| | |
| 11 A I could not put a number to that. 12 Q Fair enough. Is it a high number? | 11 A Yes, you did. 12 Q Now, the benefits booklet, that's the |
| 13 A Well, define "high." You know, I mean | 13 same thing as a plan document, right? |
| 14 we're talking about a lot of members over a very | 14 A Correct. |
| 15 long period of time. | 15 Q Okay. And so the plan document, as I |
| 16 Q Sure. More than 50? | 16 understand it, is the thing that sort of governs |
| 17 A Yeah. I mean, over the years that | 17 everything; It is sort of like the Constitution. |
| 18 we've had them, perhaps, but I would say I'm | 18 It governs everything beneath it, right |
| 19 guessing at that, that there can be, you know, | 19 A Mm-hmm. Yes. |
| 20 hundred dollar claims that we may be trying to | 20 Q with respect to MADA's plans? |
| 21 recover on their behalf, but they are considered a | 21 A Correct. |
| 21 1000 for our mon contain, but they are completed a | 21 11 00110011 |

21 (Pages 78 - 81)

Okay. So would it be accurate --

24 that Anthem actually writes the plans that MADA uses

25 and MADA just sort of chooses among the plans that

23 based on this section, would it be accurate to say

How often does Anthem receive 3 general categories of the claim, you know, of the 3 these standard account reporting packages -- sorry. 4 I said that wrong. How often does MADA receive 4 diagnoses. So perhaps cancer or heart disease, it would 5 standard account reporting packages? They are part of our weekly claims 6 identify the number of large claimants over a 6 7 particular dollar threshold. It would identify the 7 reporting to them. 8 number of participants at any given time. So there 8 So if I were to look at the standard 9 account reporting package that MADA would have 9 is a lot that goes into what our reporting packages 10 contain. 10 received in -- let's say, for June of 2018, could I 11 Q Would it ever get down to, like, the 11 look at that and see how many claims for valsartan 12 were paid out? 12 level of a particular drug and claims paid with 13 Α 13 relation to that drug? | | 13 | there really anybody else you deal with over there | 13 | know, pick one of those, then we are able to retract |
| | 14 | or is it Mr. Brown? | 14 | that claim from the provider so that we would tell |
| | 15 | A I also work some with Carrie Ann | 15 | them via their next remittance that we should not |
| | 16 | Gagney. | 16 | have paid that claim and that claim would be the |
| | 17 | Q I believe I learned who that is in | 17 | responsibility of the member. And they would then |
| | 18 | Mr. Brown's deposition, so I don't need in case I | 18 | proceed to bill a member for it instead of taking |

| | | Ms. Gagney do? | 20 | Q And so let me make sure I understand |
| | 21 | A She does a lot of the administrative | | that and get that straight. So in that process you |
| | | work to the insurance trust. | | just talked about, it sounds like since Anthem is |
| | 23 | Q Okay. The other topic that I wanted | | ultimately the one paying out a lot of money to |
| | | to go back to briefly was some of the recovery | 1 | these providers, it holds back some cash and then it |
| - 1 4 | 25 | efforts that we had talked about: the recovery | 125 | tells the provider if you want to go chase it from |

26 (Pages 98 - 101)

25 tells the provider if you want to, go chase it from

25 efforts that we had talked about; the recovery

Page 102

1 the member who should have been paying it anyway, is

- 2 that accurate?
- Yeah. I mean, we pay providers via
- 4 remittances. We send to them a listing of who that
- 5 payment is on behalf of, all right, so it may be the
- 6 claims within a week or a two week period of time.
- 7 On their next remittance it would reflect a
- 8 redaction of that claim payment.
- Gotcha. You said reduction, not
- 10 redaction, right?
- 11 Paid back or a redaction or we would
- 12 reduce their next payment.
- 13 Got it. Yes. You don't have much of
- 14 an accent for somebody from Maine. I was expecting
- 15 more, unfortunately.
- 16 I can turn it on if you'd like me to.
- 17 Let's keep it as simple as we can. So Q
- 18 that's -- okay. So then the money that would be
- 19 recovered in that instance you get, it would sort of
- 20 be directly taken by the provider and there wouldn't
- 21 be anymore transferring of funds between MADA and
- 22 the plan -- excuse me, between Anthem and the plan?
- Correct. So we paid that claim on
- 24 behalf of MADA. When we take it back, we would
- 25 subsequently give that credit back to MADA. So, you

Page 104

Page 105

- 1 things. I am just wondering what Anthem's knowledge
- 2 is. To the best of its knowledge, would the PBM
- 3 have notice of a successful recovery?
- 4 MR. FULLER: Object to form.
- I would believe that the PBM, if there
- 6 is a take-back of a claim, that would show within
- 7 that PBM's claim reporting.
- Okay. I mean, would it show up in 8 Q
- 9 claims data?
- 10 Α If the information is there, then it
- 11 should be reflected in the data.
- 12 Okay. All right. I want to move on
- 13 to, if we could pull up -- I think we are still on
- 14 Exhibit 2. I promise not every exhibit takes this
- 15 long, but if we could do Exhibit 2 at page MADA
- 16 139 -- and I believe we are looking at No. 2, the
- 17 first paragraph No. 2 at the top. There we go --
- 18 and I just want to sort of ask you about how this
- works in the real world, Ms. Cobb.
- 20 So it says here Anthem will furnish and
- 21 maintain a drug formulary for use with the plan and
- 22 Anthem shall periodically review and update its
- 23 formulary. Now, in the real world who actually does
- 24 that, does Anthem do it?
- 25 The PBM manages the drug formulary.

Page 103

1

- 1 know, if we paid \$100 and we took \$100 back, they
- 2 would get, you know, the \$100 back.
- 3 Okay. So they get it back in full. I
- 4 understand. And then in the case of a -- I assume
- 5 that there is -- and I think we talked about it --
- 6 there can be recovery efforts for prescription
- 7 benefits as well, right?
- 8 Α Yes, there can be.
- Q So, to the best of Anthem's knowledge,
- 10 is the process really any different for those?
- 11 I think that's really best described Α
- 12 by the PBM.
- 13 Okay. Do you have any idea, though,
- 14 whether the process differs materially?
- 15 Α Materially I don't.
- Q If there is a recovery for a claim for 16
- 17 a prescription claim, does the -- is the PBM ever
- 18 made aware that there's been a recovery; you know,
- 19 that money's been kept out of remittance from a
- 20 pharmacy? For example, does the PBM ever learn of
- 21 that?
- 22 Α I think that would be a question for
- 23 the PBM.
- 24 0 And again, I understand that maybe
- 25 they are the boots on the ground who are running

Q Okay. So Anthem itself does not

- 2 actually perform that task I just read?
- 3 We help to supply -- I am trying to,
- 4 you know, delineate what we do versus a PBM. You
- 5 know, you know, we do furnish -- you know, I can
- 6 furnish to MADA the drug formulary. I am Anthem and 7 I can remit that to them because it is something
- 8 that I have access to, but in terms of maintaining
- 9 that drug formulary, that is something that is done
- 10 by the PBM.
- 11 Q And I know that Anthem's got,
- 12 obviously, a number of different formularies, I
- 13 think, at its disposal. The actual -- the genesis
- 14 of the creation of that formulary, would that have
- 15 been done by a pharmacy benefits manager or would
- 16 that have been done by Anthem or somebody else?
 - Well, as part of my preparation, I did
- 17 18 go back and kind of review and actually, you know,
- 19 talked with a couple of folks to refresh myself,
- 20 because when Anthem was with Express Scripts, we did
- 21 have a pharmacy and therapeutics committee which
- 22 reviewed prescriptions for coverage within the
- 23 formulary that was in place.
- 24 And that was Anthem's -- I'm going to
- 25 call it a P&T committee, if that makes sense to you.

Α Pharmacy and therapeutics committee,

2 yes.

1

3 Q That was Anthem's P&T committee, not

4 Express Scripts'?

At the time my recollection of

6 speaking with someone who was closer to the pharmacy

7 benefits manager was that yes, Anthem did have a

8 pharmacy and therapeutics committee that reviewed

9 prescriptions to ensure having, you know, a -- I

10 think call it appropriate formulary in place for

11 members.

12 0 Okay. Perfect. Thank you. The

13 next -- is it the next section? I am trying to find

14 where it says it. Let's go right back to that same

15 call out, please. I think it's the next sentence.

16 It says here, "The plan sponsor shall adopt such

17 formulary as part of the design of its plan." Do

18 you see where I read that?

19 Α Yes.

20 Q And I don't think we've ever confirmed

21 the plan sponsor in this case equals MADA, correct?

22 Α Correct.

23 So reading this, MADA didn't really

24 have a choice as to what formulary it was going to

25 adopt; is that right?

1

Page 106

1 national list to the essential list?

2 I believe that was in either 2016 or Α

3 2017.

4 Q I see. Okay.

5 You know, I would say, just generally

6 speaking, that, you know, over the course of time

7 all benefits, whether they are medical benefits or

8 pharmacy benefits, have evolved for MADA.

9 Q How so?

10 Α You know, in terms of if I want to go

11 back to 2004 when I came on with Anthem, I think

12 they had a \$500 deductible with a PPO plan. I can't

13 remember at the time if they offered a second PPO

14 plan that had a thousand dollar deductible, but

15 those plans are very much in our rear view mirror.

Over the course of time for the purposes of 16

17 affordability, they've had to increase deductibles

18 and have subsequently, you know, started or offered

19 higher deductible plans to their members. In

20 addition, over the course of time somewhere around

21 that 2005, 2006 time frame, consumer-driven high

22 deductible health plans that members can have in

23 conjunction with an HSA became available, and that

24 was something which they adopted a little while

25 later. You throw into all of that, that the ACA came

Page 107

Anthem has had different formularies

2 available, right. So over the course of time that

3 MADA has been with us, they've had either our

4 national formulary or our essential formulary, but

5 in terms of picking and choosing drugs to be in or

6 out of that formulary, that's not something that the

7 PBM allows.

Okay. So whatever -- MADA couldn't

9 edit and say, "We want this medication, not that

10 medication." That wasn't going to happen?

11 Α Correct.

12 O Understood. Would MADA have had even

13 any input could they have made a comment or a

14 suggestion?

15 Α Well, anyone can comment or suggest,

16 but the formulary, you know, we -- I'm able to

17 obtain reporting that would -- for example, when

18 they move from the national formulary to the

19 essential formulary, I was able to obtain reporting

20 from the PBM that identified the impacts of such a

21 change.

22 When was there a switch between -- and Q

23 maybe I'm getting a little ahead of myself, because

24 I know I asked you about this later, but you brought

Page 109 1 along, and the ACA also changed a lot of things for

2 all of us.

0 Yes. I believe Mr. Brown made

4 reference to the ACA and I think it had to do with

5 the dependent coverage under that, I think what he

6 was speaking to.

7 Α Yes. It expanded to H26 as part of

8 the ACA, yes.

Yes. Now and just to be clear, you

10 are referring to the Affordable Care Act?

11 Α Correct.

12 O All right. Just a quick question

13 about formularies, generally, with Anthem. They are

14 widely available online, like even I could go -- I

15 am not a MADA member, but I could go and pull up

16 what the formulary is right now, right?

Yes, you could.

18 Okay. All right. We are still on

19 page 139. Could we go to Section B. Now here we've

20 got -- I will give you credit on that one. Here

21 we've got an explicit reference to Anthem PM and

22 something they're doing. It says it refers to a

23 drug rebate program which involves programs with 24 pharmaceutical manufacturers under which rebates for

25 it up. When would there have been a change from the 25 certain prescription drugs to members are made

| 13 | Now, I understand that, you know, whatever the | 13 | to refill that prescription early. |
| 14 | pharmacy benefits manager was doing at the time they | 14 | Q Okay. And so the member would come |
| 15 | were actually doing it, but does Anthem actually have | 15 | call in to Express Scripts or Ingenio saying, "I am |
| 16 | an understanding of what point of sale claims | 16 | going to Germany and I need 30 more pills of |
| 17 | processing is? | 17 | whatever my medication is." |
| 18 | A Yes. Sure. The member goes back to | 18 | A Right. Correct. |
| 19 | the pharmacy and picks up a prescription, that | 19 | Q Okay. And would it |
| 20 | prescription which a member pays a portion of, and | 20 | A And same thing; you know, a person can |
| 21 | the plan, being MADA, also has a responsibility. | 21 | have their purse stolen, their house may get broken |
| 22 | And that's considered to be point of sale. So a | 22 | into, they may lose something, and that would be an |
| 23 | member is receiving that service and it is being | | administrative override to allow that person to be |
| 24 | paid for at the same time. | | able to get another supply of that prescription. |
| 25 | And let me give you an example how that may | 25 | Q Okay. Would the administrative |
| | Page 115 | | Page 117 |
| 1 | differ, is that a member may spend a week in the | 1 | override process also come into effect in the event |
| 2 | hospital and they spend that week. The hospital | 2 | of a pharmaceutical recall where somebody needs to |
| 3 | wheels them to the curb at the end of the week, sends | 3 | obtain a substitute blood pressure medication? |
| 4 | them home and that sale, if you will, has not | 4 | A I believe that would be a question for |
| 5 | transacted. A member cannot go into a pharmacy and | 5 | the PBM. |
| 6 | fill a prescription and leave with that prescription | 6 | Q Does Anthem have any knowledge at all, |
| 7 | without transacting you know, the pharmacy will | 7 | any idea with respect to that? |
| 0 | not let them leave without that transaction Co | 0 | A I1-1 |

8 not let them leave without that transaction. So

9 that's my example of point of sale.

Okay. All right. And then I can't 11 imagine -- can we kill that call out. I think this 12 is probably along the same lines.

The one below that is mail order claims 14 processing. Is there any difference in that process

15 versus a point of sale claim process?

No. I mean, once -- no, I don't 17 believe so. I mean, once that mail order pharmacy

18 takes the prescription and processes it, you know,

19 that sale has been completed.

20 Okay. Down lower on this page, it's

21 the fourth to last bullet point in this section,

22 "prescription benefit services." It says

23 administrative override examples: Vacation, lost,

24 stolen or spilled medications. Do you see what I am

25 referring to there?

8 I would say no.

Okay. Can we go to the next page,

10 please. So there is a short section down -- it's

11 the last one before the signature block. It says

12 billing and banking and here it says summary and

13 detailed billing and claims (electronic). And there

14 is no indication here that this is performed by

15 Anthem's PBM and so I'm wondering what is summary

16 and detailed billing and claims as used in this

17 section.

18 Sure. I would liken that most to what

19 I had explained earlier on that weekly claims detail

20 that we provide to MADA, that we provide a full

21 listing of all of the claims that have been

22 processed on their behalf and whether those claims

are medical, dental or pharmacy-related.

24 Okay. Can we go to the page MADA 162. Q

25 And in a --

| THE WITNESS: That looks like 2258. | 3 before we move on to kind of a different section of |
| 4 THE VIDEOGRAPHER: Hold on. | 4 this exhibit. If we could put side by side MADA 162 |
| 5 MR. DORNER: It should be page 37 of | 5 and MADA 153; so, this page and then, I guess, 11 |
| 6 the PDF. That's right. | 6 pages ago. |
| 7 Q Okay. Now, in this section it looks | 7 THE VIDEOGRAPHER: 153, right? |
| 8 like one of the services under the prescription | 8 MR. DORNER: Yes. |
| 9 benefit services heading and it is a reference to | 9 Q And I am not trying to play games |
| 10 oh, I take that back. | 10 here, Ms. Cobb. I've got to run down every detail, |
| 11 This is actually in the above section which I | 11 but you know there are headings on each of the pages |
| 12 think is headed "claims and customer service." | 12 that run into prescription services. Do you see |
| 13 Medicare crossover processing, do you see what I am | 13 that? |
| 14 referring to? | 14 A Mm-hmm. |
| 15 A Yes. | 15 Q The one on the right, which I believe |
| 16 Q So it looks like that's in I will | 16 relates to either an older amendment to the original |
| 17 say that's in Anthem's section, not the PBM section; | 17 ASA that specifically notes it's through Anthem PBM |
| 18 is that right? | 18 whereas the one on the left, which I think is a |
| 19 A That's what it appears to be. | 19 later amendment, just says prescription benefit |
| 20 Q So what is Medicare crossover | 20 services. Between when these two documents were |
| 21 processing? | 21 executed that these lines appear, was there any |
| 22 A We may have insureds, that if they are | 22 change in the amount of services that were provided |
| 23 either disabled or over 65 and eligible for | 23 by a PBM with benefit prescription services? |
| 24 Medicare, then we may have insureds who also may | 24 A Well, prior to Anthem going to Express |
| 25 have Medicare in addition to being on the MADA plan. | 25 Scripts, which I believe happened somewhere in the |
| | |
| Page 119 1 And in those cases we will, you know, determine who | Page 121 |
| | |
| 2 is primary and who is secondary and cross those 3 claims with Medicare. | 2 me now we did have our own pharmacy and there was |
| | 3 Anthem prescription management, Anthem APM as we |
| 4 Q Okay. And so in that situation, | 4 called it. |
| 5 Medicare might be paying some or all of a benefit | 5 Q Would that have been do you |
| 6 and MADA would be paying the remainder or vice | 6 remember we talked earlier about Anthem affiliates? |
| 7 versa; MADA was responsible? I guess it could be | 7 There was that definition in the ASA. Was APM one |
| 8 split up; is that correct? | 8 of those Anthem affiliates? |
| 9 A In some way, yes, it can be shared. | 9 A I believe they would have been |
| 10 Q Does that only relate to medical | 10 referred to as an affiliate. |
| 11 benefits or can that extend into prescription drugs? | 11 Q And the Express Scripts, were they |
| 12 A Well, I can't think of a reason why | 12 repair to as an affiliate or not? |
| 13 someone would have one of the main for example, | 13 A I believe they would be referred to as |
| 14 if they were over 65 and they were actively employed | 14 an affiliate or, perhaps, a vendor. |
| 15 and they were at a dealership and had one of the | MR. FULLER: Don't guess. |

| 9 | Q You can answer. A In Anthem in November 2008 the PBM | 10 | |
| | | | So, we don't do it for free and certainly no |
| | that was still being used was APM or Anthem | 1 | one would expect us to, so we do have administrative fees to them. I would read this to be that the |
| | Prescription Management. So since page 153 is | | |
| | referring to that and I can see at the bottom that | 14 | pharmacy benefits has a service fee associated with |
| | it refers to November 2008, then that would lead me | 15 | |
| | to understand that to be a time period in which | | Q And so you mentioned this is charged |
| | Anthem Prescription Management was managing those | 1 | to MADA, so MADA is the one who's paying this fee |

Q So Express Scripts was doing everything underneath prescription benefit services on MADA 162? A Correct. Q Let's go ahead and fast forward to MADA 275, and I just want to get the effective date here on this page. It looks like this is Amendment 4 to the ASA and it went into effect on March 1, 2018. Do you see that? A Yes. Q Here it looks like we have a new Schedule A, a new Schedule B, and then for the first time it appears a Schedule C added to the ASA. Would you agree? A That's what is there, yes. | 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 | for me to describe it is the pharmacy makes up some component of the administrative fee. How much or how that's transacted, I'm not able to speak to. Q Or where it is ultimately paid to, who gets to put it in their pocket at the end of the day, either the PBM or Anthem; are you able to speak to that? A No, I'm not. Q Do you know who forms not you. Does Anthem know who performs the services that the fee is intended to cover? A Well, pharmacy services are performed by the PBM. Q Okay. So the PBM is doing everything that this fee is intending to cover? A The PBM is doing the pharmacy benefit services. Q Right. And that's what this fee is |

| 1 requested on a per claim basis or is it a lump sum? | 1 Q Do you recall at that time whether |
| 2 A You know, our administrative services | 2 Anthem was starting to offer performance guarantees |
| 3 fees are you know, administrative fees are | 3 to MADA? |
| 4 charged on a per contract per month basis. | 4 A Anthem wasn't offering performance |
| 5 Q Is that also referred to as per | 5 guarantees. Performance guarantees were happening |
| 6 subscriber per month? | 6 within the PBM. |
| 7 A Or PCPM, per contract per month. | 7 Q Okay. |
| 8 Q Okay. | 8 A Or as a result of the PBM. |
| 9 A If it isn't per contract per month, | 9 Q What do you mean as a result of? |
| 10 it's per member per month, but we generally speak to | 10 A Well, in March of 2018 rebates were |
| 11 per contract per month. | 11 starting to be shared with MADA from the PBM so |
| Q Okay. Now, this is the in my | 12 that, I believe, would be what you'd be referring to |
| 13 review of this document, I will represent to you | 13 as a performance guarantee, but that performance |
| 14 this is the first time I came across this fee and I | 14 guarantee is what lies with the PBM. |
| 15 believe this went in effect on March 1 of 2018. | 15 Q You said something that I just want to |
| Do you know if that fee was charged prior to | 16 confirm. Prior to 2018 how, if at all, were drug |
| 17 March 1, 2018 to MADA? | 17 rebates shared with MADA? |
| 18 A I believe we would have to, you know, | 18 A Drug rebates were specifically not |
| 19 refer to earlier documents to see if that was | 19 shared. |
| 20 included, but I believe you just said that you did | Q Okay. So this was a new thing in 2018 |
| 21 not find it in earlier documents. | 21 that started up for MADA? |
| 22 Q I said I didn't see it, but I didn't | 22 A Yes, it was. |
| 23 know if perhaps it was folded into something else. | Q So I guess we've got the term |
| A I'm not able to answer that. | 24 "performance guarantee" here in the first sentence |
| 25 Q So I've got, I think, one more set of | 25 and again under the general conditions as you noted. |
| Page 127 | Page 129 |
| 1 questions left on this exhibit and I think it might | 1 What is Anthem's understanding of what a |
| 2 be a good time we have been going an hour and we | 2 performance guarantee is? |
| 3 can take a break. | 3 MR. FULLER: Objection. Asked and |
| 4 Are you okay to do one more set of questions, | 4 answered. Go ahead. |
| 5 Ms. Cobb? | 5 A That performance guarantee, I think, |
| 6 A Sure. | 6 would be best explained by the PBM if it's in |
| 7 Q Great. Let's go to MADA 286. All | 7 relation to the PBM or anything pharmacy-related. |
| 8 right. And this is Schedule C to the ASA with MADA, | 8 Q Fine. And so I'm looking at the first |
| 9 and I believe at the top here it says it's going to | 9 sentence here and it says it's pertaining to |
| 10 be effective for March 1, 2018 through February 28 | 10 Anthem's performance under the agreement between the |
| 11 of 2021. So it just ended about actually almost | 11 parties. |
| 12 eight months ago to the day. | Are you saying that Anthem had nothing to do |
| So you can take your time to review this if | 13 with the performance guarantees in Schedule C? |
| 14 you'd like, but my question is going to be that | 14 Again, if you want to look at the document, feel |
| 15 schedule primarily deals with performance guarantees | 15 free. That's fine. |
| 16 that MADA excuse me, that Anthem made to MADA, | MR. FULLER: Object to form. |
| 17 right? | 17 A So what I can speak to is that on the |
| 18 A You know, under the general conditions | 18 Anthem health plans of Maine side, you know, and |
| 19 it does the first sentence there is the | 19 this is with regard to medical claims, we do perform |
| 20 performance guarantees described in the attachment | 20 or are required to perform at a certain level for |
| 21 in this Schedule C will only be in effect for | 21 any of our customers. You know, timely claim |
| 22 it's kind of blotchy there. | 22 payments, for example, is one that comes to mind |
| 23 Q Yeah, it is a bad copy. | 23 that, you know, we are expected to pay a claim |
| 24 A Yes, but it is for the time period of | 24 within 30 days. That's part of the performance that |
| 25 March 2019 days al Estadou of 121 | |

- 1 Q Let's go ahead and flip to -- can we
- 2 flip to 287, the next page. Can we focus in on 2A
- 3 under the payment section. And this says here that
- 4 if Anthem fails to meets any of the obligations
- 5 specifically described in a performance guarantee --
- 6 could you move that up a little bit? There we go --
- 7 "Anthem shall pay plan sponsors the amount set forth
- 8 in the attachment describing the performance
- 9 guarantee. Payment shall be in the form of a credit
- 10 on plan sponsor's invoice for administrative service
- 11 fees which will occur annually unless otherwise
- 12 stated in the performance guarantee."
- 13 First of all, I read that correctly, right?
- 14 Α Yes.
- 15 0 And so I guess I want to keep that --
- 16 let me ask you a question about that. Is it
- 17 possible for -- you know, let's say these
- 18 performance guarantees related to prescription
- 19 services that the PBM was carrying out rather than
- 20 Anthem. Is it possible for the PBM to make a
- 21 payment to the plan sponsor in the form of a credit
- 22 on the plan sponsor's invoice for administrative
- 23 service fees?

1 ahead.

- 24 MR. FULLER: Objection. It's an
- 25 incomplete hypothetical. Lacks foundation. Go

Page 132

Page 133

- 1 section or that paragraph that we were just looking
- 2 at regarding a payment, in the event that a
- 3 performance guarantee was not met, since the PBM
- 4 developed all of this, do they have the ability, if
- 5 they don't meet one of these performance guarantees,
- 6 to give a credit on an invoice?
- 7 Α I believe that would be a question for
- 8 the PBM.
- 9 Q Who sends the invoice to MADA every
- 10 month?
- 11 Α Well, Anthem sends the invoice to
- 12 MADA.
- 13 0 Okay. So Anthem has to review it
- 14 before they send it, right?
- 15 Α Yes. We do review it, yes.
- 16 Q And so does the PBM have the ability
- 17 to put a line item on that invoice or issue a credit
- 18 that is reflected on that invoice?
- 19 You know what? I can give you an
- 20 example.
- 21 O
- 22 Α That currently, you know, we share
- 23 rebates or I should say Ingenio shares rebates with
- 24 MADA and those rebate shares are reflected on their
- 25 invoice, but that information passes from Ingenio to

Page 131

- 1 Anthem for Anthem to then place on their invoice. 2 Okay. In the event that there would
- 3 be a payment or, I guess, some form of credit based
- 4 on these performance guarantees if one of them isn't
- 5 met and there's going to be a credit, who would pay
- 6 that credit?
- 7 Α Well, the responsibility of it is on
- 8 the PBM.
- 9 Q Okay. So -- sorry. Go ahead, please.
- 10 As part of getting prepared for this
- 11 deposition, I did reach out to our accounting area
- 12 who supplies the weekly invoices to MADA, you know,
- 13 to just try to gather a little bit further as to how
- 14 that information comes over. And to the extent that
- 15 I was able to find someone who could describe it,
- 16 which is really kind of the point person who does
- 17 their week to week invoices, you know, their answer
- 18 was, well, that information comes from the PBM.
- 19 That information comes from Ingenio.
- 20 Q Okay.
- 21 A So kind of all roads lead back to, at
- 22 this time frame, Ingenio.
- 23 Now, on this page 289, does Anthem
- 24 have any understanding of what -- and I'm just going
- 25 to go down a a couple examples -- of what the RX

2 You know, I think that it's the way

- 3 that you've spelled it out is difficult for me to 4 even come up with an example.
- Okay. And I guess what I'm asking 6 here is -- tell you what. Let's go ahead and go to
- 7 page 289, okay. So this is Attachment 1 to the
- 8 schedule we were just looking at, and I hope you
- 9 agree this clearly relates to prescription drug 10 pricing performance guarantees, right?
- 11 Certainly.
- 12 O Okay. And so would it be accurate to
- 13 say that these are -- well, let me ask you: Who
- 14 would have been negotiating to access the costs 15 guaranteed in this attachment?
- 16 Α These are developed by the PBM.
- 17 And then was the PBM actually carrying Q
- 18 out the negotiations to obtaining these prices? 19 MR. KNEPPER: Object to form. This is
- 20 Matt Knepper.
- 21 MR. FULLER: Join.
- 22 Q You can answer.
- You know, a PBM is who develops what 23 Α
- 24 we have here in front of us.
- 25 Okay. So kind of going back to that

34 (Pages 130 - 133)

Page 134

1 choice retail pharmacy network provider is?

- 2 A Sure. That's -- MADA adopted a little 3 bit more of a narrow retail pharmacy network, I
- 4 think, three years ago.
- 5 Q That would be 2018. That would make 6 sense.
- 7 A Yes, that would be 2018. So what that
- 8 refers to is there are some pharmacies who are
- 9 ranked as a Tier 1 pharmacy and there are pharmacies
- 10 that are ranked as a Tier 2 pharmacy.
- 11 Q Is that, basically, like a preferred
- 12 pharmacy network that has been set up?
- 13 A Yes. Correct.
- 14 Q Okay. And so can we kill that call
- 15 out. And then the one -- well, let's skip the next
- 16 one. And national plus retail pharmacy network
- 17 providers -- I am going to take a guess -- are those
- 18 the Tier 2 pharmacies?
- 19 A Let's see. Can we go back to the 20 other one?
- 21 Q Sure. Let's blow them both up if we
- 22 can.

1

- 23 A Yes. So the choice retail pharmacy,
- 24 those would be, in other words, the preferred
- 25 pharmacies.

Page 135

- Q Okay. And then a national?
- 2 A If I refer to it as or what they would
- 3 refer to -- MADA would refer to it as Tier 1
- 4 pharmacies, the national pharmacies are all the 5 others.
- 6 Q Any other pharmacy, big or small, it 7 doesn't matter?
- 8 A Right. So either you're a choice
- 9 retail pharmacy or you're a national.
- 10 Q Okay. And so I guess this is a silly
- 11 example, but I get it referred to my home town.
- 12 Obviously, my home town has a CVS or some big
- 13 pharmacy that might qualify as an RX choice retail
- 14 pharmacy network provider. There is also a little
- 15 mom and pop pharmacy and I'd say their name, but
- 15 mom and pop pnarmacy and 1 d say their name, of 16 it's too hard to spell.
- 17 It's a mom and pop. It doesn't have a
- 18 national presence. Would that still count as a
- 19 national plus retail pharmacy?
- A That would count as a national retail 21 pharmacy.
- 22 Q Thank you for clearing that up. If we
- 23 can go to the section between those two, and here
- 24 you'll see RX choice retail and it just says "90"
- 25 before pharmacy network providers. Does that refer

Page 136

- 1 to obtaining a 90 day supply of medication?
 2 A We -- I don't believe that does refer
- 3 to 90 day supply.
- 4 Q Or just, I guess, and I think I'm
- 5 answering my own question.
- A Actually, you know what? It does.
- 7 Okay. If I read the next line, "guarantee for
- 8 retail pharmacy," it's dispensing those larger
- 9 quantities. So, I mean, by virtue of, you know,
- 10 dispensing a 90 day supply versus a 30 day supply,
- 11 there's really less overhead to the pharmacy to
- 12 dispense a larger quantity, because a person is
- 13 coming back less often.
- 14 Q Can we go to the next page, please,
- 15 MADA 290. This is the second to last page I am
- 16 going to look at in this exhibit, so we're close.
- 17 All right. If you could look at -- if we
- 18 could blow up the first full paragraph under the
- 19 specialty drug section. There we go. And it starts
- 20 off with to determine any payment due to employer
- 21 under these prescription drug pricing guarantees.
- Feel free to review this, Ms. Cobb, and review
- 23 this paragraph and any other portion of the document,
- 24 but I want to let you know what my question is before
- 25 you start to take your time to do that. My question

Page 137

- 1 is going to be, are you able to -- is Anthem able to
- 2 describe the process by which it's decided whether or
- 3 not a penalty payment is due to MADA?
- 4 MR. FULLER: Objection. Calls for a 5 incomplete hypothetical.
- 6 Q You can answer if you can.
- 7 A I mean, we're talking here about
- 8 guarantees within a pricing guarantee category
- 9 appearing to the sum of the appropriate portion of
- 10 paid claims for prescription drugs, plus any member
- 11 cost share that goes back to the PBM.
- 12 Q So Anthem isn't familiar with the
- 13 process for calculating any payment due to the
- 14 employer under these performance guarantees?
- 15 A No. That's a question for the PBM.
- 16 MR. FULLER: Okay. If we can take a
- 17 quick break?
- MR. DORNER: I've got just a few
- 19 questions left on this document and then I will be
- 20 ready to go. Is that okay with you, Chad?
- 21 MR. FULLER: Yes.
- MR. DORNER: Not long at all, I'm
- 23 sure. I'm just trying to catch my spot here.
- 24 Q If a penalty is due under this section

25 or this schedule, I guess I should call it; if a

35 (Pages 134 - 137)

PageID: 60629

Page 138

Document 2009-3

1 penalty is due under this schedule, is there any way

- 2 to tie a portion of that penalty to a particular
- 3 drug?
- 4 Α That's PBM's responsibility.
- 5 Let me ask you this: Has Anthem ever
- 6 seen a penalty payment under this schedule or any
- 7 subsequent schedule similar to this?
- My answer remains that is a question
- 9 for the PBM, but that's not an Anthem
- 10 responsibility.
- Sure. And I am asking more if Anthem
- 12 has just ever come across it, if it's ever seen this
- 13 section go into effect, not whether it calculated
- 14 it. Has Anthem ever seen this happen before?
- 15 Α Penalty?
- Q 16 Yes, for performance guarantees.
- 17 Α I can't answer that on behalf of
- 18 Anthem.
- 19 Q Have you personally seen it?
- 20 Α A penalty? I can't say that I have.
- 21 And I think "penalty" is the right 0
- 22 term. I believe that's the term that they use.
- 23 I'll make sure here real fast, but I think it is,
- 24 but let me make sure there's not a different term
- 25 that would be more appropriate.

- Well, the performance guarantees are
 - 2 the responsibility of the PBM, and part of that
 - 3 guarantee is being able to meet the performance that
 - 4 you guaranteed to the customer. So if there is a
 - 5 gap in that performance, then the obligation would
 - 6 be to fill that gap.
 - I agree. And so have you actually
 - 8 seen that happen in practice in the real world?
 - You know, I can't answer that with
 - 10 any -- with 100 percent confidence.
 - 11 Q Okay.
 - 12 So how it would happen that if, you
 - 13 know, a performance guarantee was issued and a PBM
 - 14 did not meet that performance guarantee, that there
 - 15 would be, you know -- they would have to live up to
 - 16 that guarantee. I can't -- you know, I can't say
 - 17 with 100 percent certainty, however, that I've
 - 18 actually seen it.
 - 19 Okay. Do you have any sense as to if
 - 20 there were to be a payment, you have to fill that
 - 21 gap as you put it; would there be any way to tie a
 - 22 particular, I guess, or to allocate that payment to
 - 23 whatever medications the PBM wasn't able to achieve
 - 24 the pricing for?
 - 25 In other words, could you look at whatever

Page 139

- I guess let me put it this way: Have you
- 2 personally ever seen an instance where either Anthem
- 3 or a PBM made a payment to MADA under the
- 4 prescription drug pricing guarantees that we're
- 5 looking at?

1

- MR. FULLER: Object to form. 6
- 7 So it has been MADA has been --
- 8 THE WITNESS: Am I okay to answer,
- 9 Chad?
- 10 MR. FULLER: Yes.
- 11 MADA has been on this sharing rebates
- 12 since 2018 and those rebates were settled on a
- 13 quarterly basis. I don't recall what's happened
- 14 each and every quarter.
- 15 MR. FULLER: It seems different than
- 16 what he's asking, but I understand.
- 17 Yeah, and really let me try to broaden
- 18 it, because I really want to understand the process
- 19 more than necessarily what MADA has received. So in
- 20 your role at Anthem for any of the clients that
- 21 you've seen who have these prescription drug pricing
- 22 guarantees as part of their agreement with Anthem,
- 23 have you ever seen a payment in whatever form issued
- 24 because Anthem or the PBM wasn't able to achieve the
- 25 performance guarantees?

- Page 141 1 that penalty payment is or gap filling payment and
- 2 say oh, some share of this is because we couldn't
- 3 meet our obligations with respect to prescription
- 4 ibuprofen and some is because we couldn't meet our
- 5 diabetes medication and some is related to valsartan;
- 6 would it be possible to break it down like that?
- 7 The PBM would --
- 8 (Clarification requested by the
- 9 reporter.)
- 10 From Anthem's position we do not have
- 11 that, that would break it down. So when any rebates
- 12 flow through as a credit out to MADA or any of our
- 13 groups that is given to us in an aggregate form that
- 14 we apply to their invoice, any specifics as to what
- 15 goes into that rebate calculation is something for
- 16 the PBM.
- 17 Okay. And that word -- you cut out on Q 18 mine. I think you said aggregate; is that right?
- 19 Yes. That report that we receive is
- 20 not specific as to what those rebates refer to.
- 21 Okay. All right. Well, I think we
- 22 can put this exhibit away finally. I promise the
- 23 rest of them do not take near as long. I believe
- 24 your counsel suggested a break. I'm with him on
- 25 that, and so let's go off the record.

| 1 Q I think we talked about this a little | 1 A Yes. |
| 2 bit, we passed right by it, but there is no part D | 2 Q Could you explain what it is? |
| 3 component to any of MADA's plans, right? | 3 A This would appear to be the first page |
| 4 A No. | 4 of their certificate of coverage. |
| 5 Q Okay. Does Anthem even offer part D | 5 Q Now, is this the same thing as the |
| 6 plans? | 6 benefit booklet that I think we mentioned earlier? |
| 7 A That is not a business that I have | 7 A Yes. |
| 8 ever worked in. So, I mean, Anthem does offer, you | 8 Q Okay. And it would appear that this |
| 9 know, Medicare advantage programs. They offer other | 9 went into effect on March 1 of 2015, would you |
| 10 Medicare programs, but and I'm sure there's a | 10 agree? |
| 11 part D component out there, but it's not part of | 11 A Yes. |
| 12 Anthem's options. | 12 Q Now, based on documents we have |
| 13 Q I believe you testified that you had | 13 received, I think MADA has had a new group medical |
| 14 reviewed the formularies that are applicable here. | 14 plan document go into effect. Do you happen to know |
| 15 Have MADA's plans always covered generic | 15 the date when that occurred? |
| 16 valsartan | 16 A That would have been likely as of this |
| MR. FULLER: Objection. Vague as to | 17 plan here, so March 1 of 2021. |
| 18 time. | 18 Q Was there a second group medical plan |
| 19 Q from 2012 to 2020? 20 A If it was on the formulary, then it | 19 that would have started on March 1, 2019? |
| 20 A If it was on the formulary, then it 21 would have been covered by their plans. | 20 A Well, March 1 is their renewal date. 21 Q Did they sorry. Please. |
| 22 Q And I think, Ms. Cobb, I have managed | Q Did they sorry. Please. A Yes. So they renew their benefits |
| 23 to review some formularies in this case, but I don't | 23 each March. |
| 24 think I have them all going back to 2012. | 24 Q Is there a new plan document issued |
| 25 Did you have an opportunity to confirm | 25 every March? |
| | • |
| Page 147 1 whether, going back to 2012, valsartan has always | Page 149 1 A Well, up until more recently MADA has |
| 2 appeared on the formulary? | 2 actually made revisions to these plan documents. |
| 3 A Well, since 2012 they have offered | 3 Q And when did that start? |
| 4 both our three tier formulary as well as the four | 4 A I believe Anthem took over that |
| 5 tier formulary, and while I did not review each year | 5 function as of 2020. |
| 6 specifically to valsartan | 6 Q Okay. Can we go to page 471, and I |
| 7 Q And I'm sorry. I might have been | 7 want to focus on where it says the plan |
| 8 unclear in my question. Let me try to re-ask it. I | 8 administrator and contract administrators. It's |
| 9 was only speaking about formularies that were | 9 right before "qualified medical child support |
| 10 applicable to MADA and not to the rest of Anthem's | 10 order." Here we go. |
| 11 plans generally. | This line says, "The plan administrator and |
| Did you have an opportunity to go back to 2012 | 12 contract administrator reserve the right to verify |
| 13 and see if the formularies applicable to MADA always | 13 continued eligibility for all plan participants." |
| 14 contained valsartan? | 14 Anthem is the contract administrator, is that |
| 15 A I did not. | 15 accurate? |
| 16 Q Would Anthem still have access to its | 16 A I believe that's how we would refer to |
| 17 2012 to its formularies back to 2012 up to | 17 ourselves. |
| 18 present day? | 18 Q Okay. So what, if anything, did |
| 19 A Well, those formularies are | 19 Anthem ever do to verify the continued eligibility 20 of plan participants from 2012 to 2020? |
| 20 distributed by the PBM, not by Anthem. So they are 21 developed and housed with the PBM and they're not | 21 MR. FULLER: Objection. Vague. |
| 22 something back to 2012 that I have tried to access. | 22 Q You can answer. |
| 23 Q All right. Can we pull up Exhibit 3, | 23 A So, we work as a third party |
| 24 please. Ms. Cobb, are you familiar with this | 24 administrator on their behalf. You know, I think it |
| 25 document? | 25 is a little bit vague, reserve the right to verify |

Page 150

1 continued eligibility for all plan participants. If

- 2 we were to, you know, request verification that
- 3 someone was in fact, that to me would be a reference
- 4 to -- is a person legitimately an employee of a said
- 5 dealership to be eligible for the plan.
- 6 Q Yeah. And I guess I am just
- 7 wondering, did Anthem ever actually exercise any
- 8 right to verify continued eligibility of a plan
- 9 participant during that time period?
- 10 A I don't feel like I'm able to, you
- 11 know -- I don't believe I'm able to answer that for
- 12 Anthem of Maine. You know, we're talking about a
- 13 nine year period of time or eight year period of
- 14 time.
- 15 Q Why might that be done, can you think
- 16 of an instance where that might have to be done?
- 17 A The instance that I can think that
- 18 eligibility may be questioned would be more in the
- 19 stop loss arena.
- Q What's that?
- 21 A You know, if there were -- I should
- 22 say more along the lines of, you know, eligibility
- 23 may be reviewed if we thought there was a fraud
- 24 situation involved. It's kind of vague.
- Q Okay. Well, I'm just reading the term

Page 152

- 1 or test program that would involve the payment of
- 2 benefits?
- A We -- you know, if it's specific to a
- 4 pharmacy claim, again, that is a question for the
- 5 PBM.
- 6 Q Not specific to a pharmacy claim, this
- 7 is more to a disease management issue like
- 8 hypertension, I'm wondering.
- 9 Were there any pilot or test programs dealing
- 10 with hypertension that were instituted during that
- 11 time period?
- 12 A Not that I am aware of.
- 13 Q Could we go to 487, please. All
- 14 right. So if we could blow up -- I apologize. I'm
- 15 trying to find it. Let's look at the first
- 16 paragraph. So we've got all benefits for covered
- 17 services are subject to the deductibles,
- 18 coinsurance, copayments, maximums, exclusions,
- 19 limitations, terms, provisions and conditions of
- 20 this plan, including any attachments and amendments
- 21 or riders. I read that correctly, right?
- 22 A Yes.
- 23 Q And I just want to confirm that
- 24 covered services would include a prescription drug
- 25 covered under a PPO and HSA plan from MADA, right?

Page 151

Page

- 1 in their plan documents. I can't change the
- 2 language.
- 3 A Sure.
- 4 MR. DORNER: Can we go to MADA 485 and
- 5 then can we blow up pilot or test programs.
- 6 Q So this indicates that the plan may
- 7 institute pilot or test programs regarding case
- 8 management, disease management or wellness first
- 9 which may result in the payment of benefits not
- 10 otherwise specified in the plan document; the plan
- 11 reserves the right to discontinue a pilot or a test
- 12 program. Did I read that right?
- 13 A Yes.
- 14 Q So did Anthem ever institute -- well,
- 15 it says "the plan." Who is the plan referring to?
- 16 A I guess the plan would -- I believe
- 17 the plan as far as this is concerned would be MADA.
- 18 Q Okay. Is Anthem aware of whether any
- 19 pilot or test program dealing with hypertension was
- 20 ever commenced during 2012 to 2020?
- 21 A I don't see where we would have
- 22 awareness of that.
- 23 Q If such a program would result in the
- 24 payment of benefits and Anthem is the benefits
- 25 administrator, wouldn't Anthem know about any pilot

- A The prescription would have to be a
- 2 covered prescription in order to meet the
- 3 qualifications here, yes.
- Q Okay. Can we go to -- and we'll talk
- 5 more about terms of coverage a little bit later, but
- 6 I want to get through this document first, not that
- 7 we have a long way to go, but can we go to page 497,
- 8 please.
- 9 All right. Let's focus on the prescription
- 10 drugs section, starting with the second paragraph.
- 11 Here we go. And this is a paragraph you can go ahead
- 12 and read if you'd like, but it's referring to the P&T
- 13 committee that we were talking about earlier.
- MR. DORNER: And actually, could we
- 15 blow up the entire of that section, that paragraph
- 16 and below including the next one. I think we have
- 17 to go even a little bit more. So here, Keith, I am
- 18 actually looking for the last two bullet points on
- 19 the page -- sorry, the last two paragraphs. I
- 20 apologize. This is why it's nice to be in the same
- 21 room sometimes. There we go. Perfect.
- Q Okay. Earlier you had mentioned tiers
- 23 on formularies that are applicable to Anthem's
- 24 plans. Do you recall talking about that?
- 25 A Yes.

| 1 Q Okay. And then near the bottom of | 1 Anthem of Maine. |
| 2 this call out we have here says, "The determination | 2 MR. FULLER: You saved me an |

| 7 A Yes. | 7 Q Okay. Can you explain the difference |
| 8 Q So when it comes to deciding tiers for | 8 here for someone who is not an Anthem insider? |
| 9 medications on the formulary, would it be accurate | 9 MR. FULLER: I object. It's outside |

| 25 Q Okay. After they did that, then, as | 25 Maine use a formulary that was drafted by the |

| 1 A We are only able to adopt what we are | 1 about it because it could involve, as it says, | | |
| 2 provided. We are not able to make Anthem Maine | 2 waiving or reducing copayments or coinsurance, | | |
| 3 is not able to make alterations to a national | 3 right? | | |
| 4 decision. | 4 A Correct. | | |
| 5 Q Okay. Does Anthem have knowledge as | 5 Q So is Anthem aware of any programs | | |
| 6 to what the P&T committee relies on in coming up | 6 that encouraged the utilization of, say, one blood | | |
| 7 with its recommendations? | 7 pressure medication over another? | | |
| 8 A That is a national committee that is | 8 MR. FULLER: Objection. Vague as to | | |
| 9 not here in Maine I say here in Maine because I'm | 9 time. Go ahead. | | |
| 10 in Maine, but that is a national committee that made | 10 A Well, just by virtue of generic drugs, | | |
| 11 decisions outside of Anthem Maine's jurisdiction, if | 11 for example, generic drugs are generally speaking | | |
| 12 you will. | 12 are in a lower cost tier than a brand name | | |
| 13 Q Sure, and I understand that. I guess | 13 counterpart. They may in fact give or the plan may | | |
| 14 I'm asking something a little bit differently. Are | 14 provide some type of incentive or by "incentive" | | |
| 15 the various Anthem organizations and I assume | 15 I mean reduction in cost to a covered member if they | | |

18 about what the national P&T committee used to 19 develop the formularies? 20 MR. FULLER: Objection. Beyond the 21 scope of this depo. Lacks foundation. Calls for 22 speculation. 23 Q You can answer. 24 Α That's not something that we'd have

17 Maine. Are they given any background or information

16 there's one in each state. Clearly there's one in

15 I mean reduction in cost to a covered member if they 16 use the mail order program. 17 So, you know, when you read through this, 18 those are the types of things that this would get to 19 is that -- you know generic drugs are less expensive

20 typically, so members are charged a lower copayment 21 for them. 22 Q So referring to some of the general --23 you know -- yeah, let me just paraphrase --

24 referring to generic versus brand, referring to mail 25 order versus brick and mortar pharmacy, that's what

You would have it or you would not 1 Q 2 have it? 3 Α Would not.

MR. DORNER: Okay. Can we take out 5 this call out, please, and go down to 498, and can 6 we blow up the paragraph beneath the bullet points. 7 There we go.

I'll go ahead and let you -- well, no, 9 I should read it from for the record, because it's 10 not clear.

"From time to time we may initiate various 11 12 programs to encourage covered persons to utilize more 13 cost effective or clinically effective drugs,

14 including but not limited to generic drugs, mail 15 order drugs, OTC or preferred products. Such 16 programs may involve reducing or waiving copayments

17 or coinsurance for certain drugs or preferred 18 products for a limited period of time."

19 My first question is, who is "we" referring 20 to in the fifth word of this paragraph?

Well, since at that time MADA was

22 controlling this plan document, I would see that as

23 being MADA.

25 available to us.

Okay. Now, if MADA were to initiate 25 one of these programs, Anthem would have to know 1 this paragraph is referring to?

2 Α That is how we would interpret it,

3 yes. 4 Okay. And now this may sound crazy --

5 I don't know. This isn't my industry -- could there 6 be such a thing as, say, rebates or coupons to 7 consumers for purchasing valsartan or other blood

8 pressure medications? 9 Α That's a question for the PBM.

10 Have you ever heard -- just in your 11 experience, have you ever heard of, you know,

12 basically a coupon to purchase a prescription drug 13 or is that something that would just never exist?

14 Well, probably when I watch the 15 evening news tonight I'll see something about that. 16 Q Really?

17 Α If you can't afford your prescription, 18 AstraZeneca can help, right?

19 Q I see. Okay. Okay.

20 Α That's my observation. 21 Q

But you're not sure whether there were 22 any specific rebates or other things of value for

23 valsartan or blood pressure medications? 24

Α That would be a question to the PBM. 25

Q Okay. Anthem wouldn't know?

| 3 Q Right. That's a little bit different | 3 A Sure. Thanks. MADA has a willing |
| 4 answer. Does Anthem know? | 4 provider law at one time, you know and like I |
| 5 A No, because I would refer that | 5 said, a lot has evolved over time. At one time we |

42 (Pages 162 - 165)

- 1 family under the -- let's go with the PPO standard
- 2 plan. So it looks like that person would have a 25
- 3 hundred dollar deductible for a calendar year,
- 4 right?
- 5 A Correct.
- 6 Q Okay. And then down below that, if we
- 7 can blow up that box starting all benefits for
- 8 covered services. Yeah. So it says "All benefits
- 9 for covered services are paid after the deductible
- 10 has been satisfied unless otherwise stated." I read
- 11 that correctly, right?
- 12 A Yes.
- 13 Q So would it be fair to say, then, that
- 14 unless the benefit overview says the deductible
- 15 doesn't apply, you have to satisfy the deductible
- 16 before you get coverage, right?
- 17 A Correct.
- MR. DORNER: Okay. We can take care
- 19 of that call out, please. And I just want to do an
- 20 example of this, so if we can go to the next page.
- 21 Q So here we've got the professional
- 22 services category and it's got a little bit of gray
- 23 over it, but it looks like in that category for
- 24 things of that nature, that's where deductible does
- 25 not apply, right?

- Page 167
- 1 A Correct. Right. For example, the
- 2 office visit with a non specialist would be a 30
- 3 dollar copayment and then be reimbursed at 100
- 4 percent.
- 5 Q Okay. I appreciate the example.
- 6 Could we take out that call out and then go down to
- 7 the next page, please, and then let's just blow up
- 8 the -- let's just do the top third of it. Really,
- 9 we're looking at the prescription drugs boxes. Yes.
- 10 That's perfect.
- 11 So my question is, wouldn't a deductible --
- 12 looking at this benefits overview, wouldn't a
- 13 deductible apply before prescription drugs are
- 14 covered?
- 15 A They do not.
- 16 Q And what's your basis for concluding
- 17 that?
- 18 A Well, you have Tier 1, 20; Tier 2, 45;
- 19 Tier 3, 100; Tier 4, 25 percent or 250 max; and
- 20 under that it says all copayments are per 30 day
- 21 supply.
- 22 Q I follow those are the copays to
- 23 particular prescription drugs, but my question is
- 24 more that we saw an explicit statement deductible
- 25 does not apply in that example we looked at a moment

Page 168

Page 169

- 1 ago, and I don't see anything here that says the
- 2 deductible doesn't apply. So how do we know that it
- 3 doesn't apply?

8

- 4 A Well, I guess this is not explicit. I
- 5 mean, I know that it's a 20 dollar copayment for a
- 6 Tier 1 prescription and under that it's refers to
- 7 all copayments are per 30 day supply.
 - Q Let me ask this: Are there any
- 9 plans -- and this is for Anthem generally not just
- 10 MADA -- are there any plans where a deductible does
- 11 apply before prescriptions are covered?
- 12 A Yes, on high deductible plans.
- 13 Q All right. I think this is a PPO.
- 14 Are there PPOs that are set up in a way that you
- 15 have to satisfy a deductible before a prescription
- 16 drug is covered?
- 17 A Generally speaking, no. PPO plans are
- 18 generally set up in this manner.
- 19 Q Okay.
- 20 A You know -- and to the left it does
- 21 say drug card copayment shown apply to Tier 1
- 22 pharmacies as well.
- 23 Q Yeah, and I agree with you. I'm not
- 24 fighting you here. Can we go back up one page?
- 25 Actually, let's go back to the one we were at.

- 1 That's fine.
- 2 So if we look below that in the mental health
- 3 and substance abuse box, would a deductible apply to
- 4 that kind of care? Oh, it says no deductible. I see
- 5 no deductible there, but here we've got -- so there
- 6 is a 30 dollar copayment and it looks like it's
- 7 either covered at 80 percent or 100 percent. How
- 8 does that work?
- 9 MR. FULLER: I am going to make an
- 10 objection. It is outside the scope of this
- 11 deposition, which is about RX drugs.
- 12 Q You can answer, though.
- 13 MR. FULLER: What's the point?
- 14 Q You can answer.
- 15 A You know, with regard to mental health
- 16 and substance abuse, those benefits are required to
- 17 pay the same way because of mental health care the
- 18 same as any other service.
- of same as any other service.
- 19 Q I guess what I am pointing out here,
- 20 there is a copayment, but then there is also --
- 21 strike that. I see what you're saying. Can we go
- 22 back up a page instead?
- So here we've got, under provider services,
- 24 for example, we've got, those services are all
- 25 subject to a deductible and they also have a

- 1 copayment associated with them. So I guess my
- 2 question is why, the way that this benefits overview
- 3 is worded, shouldn't there be a deductible applicable
- 4 to those and then the copay that goes along with it?
- Well, in a case of hospital inpatient,
- 6 the heading over that is "subject to deductible."
- 7 When you refer to that 80 percent, whatever the
- 8 deductible is, that's a 25 hundred dollar deductible
- 9 plan, so the first \$2,500 in deductible for the year
- 10 are subject to the deductible before a hospital
- 11 inpatient claim would start paying at 80 percent.
- 12 So, is that more -- would that be
- 13 considered like a 20 percent coinsurance, is that
- 14 how that's viewed?
- 15 Right. The member would have a
- 16 20 percent co-insurance.
- 17 Q Okay. All right.
- Anything that states a copayment
- 19 bypasses the deductible. I think that might be the 20 clearest way to say it.
- 21 And do you happen to know where that
- 22 might -- you know something to that effect might be
- 23 indicated in the other plan document or benefits
- 24 overview?
- 25 Well. I think if we went back to the Α

- 1 Yes. So these overviews are
 - 2 customized for Maine Auto Dealers and the call out
 - 3 of these specifics pharmacies are called out really
 - 4 in reference to who we have available in Maine for 5 pharmacies.
 - 0 Okay. 6
 - 7 Α Okay. So when we don't list any of
 - 8 the mom and pops the overview is specific that Tier
 - 1 pharmacies include those six.
 - 10 All right. From 2015 to 2019 --
 - MR. DORNER: You may close this call
 - 12 out.

11

- 13 0 From 2015 to 2019 were MADA members
- 14 required to fill out their plans with generic
- 15 medications if they were available?
- 16 The plan is not -- well, I mean I
- 17 should say that Maine does have a generic law in
- 18 place as well so that unless a provider writes a
- 19 prescription to dispense as written, a pharmacist
- 20 will dispense a generic medication.
- 21 So by virtue of that law, everybody in
- 22 Maine was going to get a generic unless the
- 23 prescription provided for it?
- 24 Unless the prescription was indicated
- 25 to only dispense as written.

Page 171

- 1 first page of the overview, it's stated that
- 2 services were subject to the deductible unless
- 3 otherwise stated, if I'm remembering correctly.
- Yeah. Yeah, that's right. And so I 5 guess in listing a copay, does Anthem consider that
- 6 to be an otherwise stated?
- 7 A That is, yes. The copayment is
- 8 otherwise stated.
- Q Okay. All right. That had been
- 10 confusing me, so I appreciate --
- 11 Α Okay.
- 12 O -- I appreciate your view on that.
- 13 Let me see if I can -- give me a minute here. Let
- 14 me see if I can skip some. All right. Let's just
- 15 pull up Exhibit 5 briefly. But you did just manage
- 16 to erase about a page of my outline, so that helps.
- 17 And can we go to page 616.
- 18 All right. Can we blow up the prescription
- 19 drugs box on this page, please. So here we've got a
- 20 note your prescription drug costs will be lowered
- 21 Tier 1 pharmacies CVS, Haniford, Sam's, Shaw's,
- 22 Target and Walmart and higher at Tier 2 pharmacies 23 Rite Aid and Walgreens. Is this a reference to those
- 24 national RX or prime -- choice RX or whatever it is,
- 25 is that a reference to this?

- Q Okay. All right. Now, also in the
 - 2 prescription drug box here it says this plan uses
 - 3 the essential drug list; drugs not on the list are
 - 4 not covered.
 - We had been talking about formularies
 - 6 previously. This is a reference to the essential
 - 7 drug list. I think it was your testimony earlier
 - 8 that MADA would switch between essential and
 - national. Am I recalling correctly?
 - 10 Α They had been on the promotional drug
- 11 list and then they moved to the essential drug list.
- 12 Do you remember when that happened?
- 13 Α I believe that happened either in 2016
- 14 or 2017.
- 15 Q Okay. Since 2000 -- let's say 2017 to
- 16 be sure, since 2017 has MADA been on the essential
- 17 drug list?
- 18 I believe so. I did research that as
- 19 part of the preparation, and in 2017 did they switch
- 20 the essential formulary.
- 21 Can you tell me what the differences
- 22 are between the national drug list and the essential
- 23 drug list?
- 24 MR. FULLER: I am going to make an
- 25 objection. Lacks foundation. Calls for

| 9 | A The essential drug list is a little | 9 | Q Why not? |
| 10 | bit more limited. | 10 | A That's a specific question to the PBM. |
| 11 | Q Did you say "limited"? | 11 | Q Okay. So Anthem doesn't know if |
| 12 | A Yes, but I think any further details | 12 | placement on its own formulary affects the price of |

| 17 | Q Did you review the formularies? | 17 | doesn't know for its own formularies whether or not |
| 18 | A Yes. So I know what the formularies | 18 | placement on national versus essential affects the |

| 22 | Q And I certainly don't need to get into | 22 | Q Anthem, or you have no knowledge on |
| 23 | specific drugs. I think the only one we are going | 23 | that question? |
| 24 | to talk about is valsartan, but does Anthem have | 24 | A Not without yeah. I can't answer |

| 2 | MR. FULLER: Objection. Lacks | 2 | Q Let's talk a little bit generally |

Page 182 1 our customers. Is RNB -- and this is just for 3 background, is RNB something that might be known to 4 merchandisers in the pharmaceutical industry, 5 because I certainly have never heard of it. RNB is our billing system that we use 7 to our ASO customers, so I don't -- that's an Anthem 8 system. 9 Q It's proprietary to Anthem? 10 I don't know if we've purchased it or 11 if we home-grew it. It's what I know it as is RNB. 12 I don't know what RNB stands for. Okay. Understood. All right. Can we 14 limit it to five -- and then I've got about 15 pages 15 left on this outline -- 14 pages left. Can we limit 16 it to five minutes? 17 MR. FULLER: Yes. 18 THE VIDEOGRAPHER: We are going off 19 the record. The time is 4:41. Stand by. 20 (Off the record.) 21 THE VIDEOGRAPHER: We are back on the 22 video record. This begins Media Unit No. 5. The 23 time is 4:52. 24 BY MR. DORNER: 25 Okay. I want to talk a little bit Page 183

Page 184 1 earlier was that what Anthem receives is an 2 aggregate number of any rebates. It's not specific 3 to what those rebates refer to. 4 Yeah. I do remember that conversation. 5 When it comes to something that -- and I realize I 6 am asking about something like a PBM may have 7 received and so maybe Anthem has no knowledge. I 8 don't know, but when it comes to rebates or credits 9 that a PBM has received, does Anthem have any 10 knowledge with respect to that whether it's 11 aggregated or not? 12 I don't see how Anthem Maine could. 13 MR. DORNER: Okay. Can we pull up 14 Exhibit 8, please. 15 All right. These are documents that 0 16 were just produced to us this week. Are you 17 familiar with invoices that Anthem sends to MADA? 18 Yes. This looks like an older 19 invoice, but I am familiar with them. 20 Q And can you tell that by the 21 formatting of the document? 22 Α By the formatting and the date. 23 The date is on there too? I want to 24 ask you about some elements of some invoices we 25 received and I hope you can educate us as to what

1 about rebates, incentives and credits related to 2 valsartan and blood pressure medications. The first question I have, Ms. Cobb, is from 4 2012 to 2020, did Anthem -- not its PBM, not MADA --5 did Anthem ever receive a rebate from any source that 6 was either based on valsartan or blood pressure 7 medication? I think that originates with the PBM, 9 but I'm not able to answer that. 10 Q And I want to make sure my question 11 was clear. So I am talking about, you know,

12 something of value whether it's a rebate, a credit, 13 something else that's worth something going into 14 Anthem's pocket. 15 So I want to know what Anthem has received. 16 Regardless of where it originates, has Anthem ever 17 received anything of value in connection with a claim 18 for valsartan or a claim for a different blood 19 pressure medication? 20 Α I don't know. Does Anthem have any knowledge 22 regarding rebates or other things of value that any 23 of PBMs have received in connection with claims or 24 purchases of valsartan from 2012 to 2020?

You know, the conversation we had

Page 185 1 they really mean. So first thing on this page 2 you'll see a line item for claims. Do you see that? Yes, I do. And that's in the amount of \$211,790 5 and some change. When Anthem bills MADA for claims 6 or when it billed MADA for claims in this instance, 7 does Anthem produce the claims data to MADA to 8 support those charges? Yeah. I believe at that time -- and I

12 accompanying backup, if you will, as to what that amount would represent. 14 And how granular would that backup get 15 in terms of detail? 16 I would expect that it would only have

10 don't have access to this old system, but I know

11 that there was, for all of our ASO customers as

17 gotten as granular as it is today, which is 18 identifying, you know, a member name, the date of 19 the claim when the claim was paid and the amount and 20 whether it was medical or pharmacy. 21 Okay, but not the specific coverage 22 whether it was a certain prescription?

23 Correct. 24 MR. DORNER: Ms. Dawkins, could you 25 just read back the answer before the last one, the

So, I don't know if at that time back in 2015 2 (The previous answer as requested was 3 read by the reporter.) 3 on this claims platform if those blue card fees were 4 translated as utilization fees. 4 That answer that Ms. Dawkins just read 5 back for us, you had mentioned the amount Okay. Would those utilization fees --6 specifically. What amounts are you referring to? 6 and we will look at examples of these a little bit 7 The amount of the MADA claim, the 7 later, but since we are on the subject now, you 8 amount that MADA would be responsible for. 8 recall those reports that you had run, the three Which could be different than the paid 9 reports? 10 claim, right? 10 Α Mm-hmm. 11 Α Yeah. I mean, the claim in total 11 Q Okay. 12 12 would be one amount, so the allowed amount, if you MR. FULLER: Is that a "yes"? 13 THE WITNESS: Yes. 13 will. There would likely be a member portion, the 14 amount the employee would pay, and then there is the 14 MR. DORNER: "Yes." Thank you as 15 well, counsel. 15 portion which MADA pays. Understood. And there wouldn't be any 16 O Would this utilization fee be folded 16 17 into what showed as what the plan paid in that 17 further breakdown with respect to fees that are 18 included in that, I guess what makes up those 18 claims data? 19 19 various amounts? Α Well, based upon my research, there 20 20 was no mention of anything pharmacy-related in Α No. No. We would reflect to them the 21 amount they are responsible for. 21 relation to the utilization fee with who I consulted 22 Okay. The next line item down is 22 with. 23 utilization fee-PPO. Could you explain what that 23 Oh, so that only pertains to medical? Q 24 24 is? Α Correct. 25 25 Α I did reach out on that question Q Maybe I should have asked that Page 187 Page 189 1 because I had seen this and I reached out to someone 1 question first. There is another item on here, 2 in our -- Eric Cappa (ph) in our billing area, and 2 other provider payments. Let me learn from my own 3 his read on that is that was a fee that was charged 3 mistakes. 4 on national claims. Does this relate in any way to the What's a national claim? prescription or pharmacy side of things? 5 0 5 Something -- it was something from our It does not. 7 7 national claims so that when we -- I'd love to have Q Okay. Is it only for medical? 8 his explanation in front of me, but I don't, but it 8 9 was -- you know, it was a fee that was associated 9 MR. DORNER: Can we go to page, let's 10 with the processing of a certain group of claims. 10 see -- well, actually, can we put 1965 and 1966 next And I know from reading documents --11 to one another. 12 and I just want to see if maybe we can work together 12 O So you may remember from earlier today 13 I had referred to an antitrust case. This is why I 13 to get to an answer here -- I notice that there were 14 certain programs that Anthem has, say, if a member 14 did that. I knew this was coming. The page ending 15 from Maine happens to be traveling to Wisconsin and 15 in 1966 appears to be a letter to MADA informing 16 needs to make a claim there, Blue Cross of Wisconsin 16 MADA that there is a payout in connection to MADA in 17 would recognize the claim by the Blue Cross of Maine 17 connection with an antitrust case and a settlement 18 member. 18 in connection with an antitrust case, and it looks 19 Does that have anything to do with what a 19 like on page 1965 that was in the amount of 81 20 national claim is? 20 dollars -- and I think that's 15 cents. Do you see Those are, yeah. Those are blue card 21 what I am referring to? 22 fees or blue card claims, so we have reciprocity 22 Α Yes, I do. 23 across the blue system. So it may be Blue Cross and 23 Q And is my read of the situation, is

1 0 And it looks like here for the first

- 2 time the dental, medical and pharmacy claims are
- 3 segmented. In the invoices we have been looking at
- 4 prior to this one I think you had testified the back
- 5 up that was provided with those would have
- 6 differentiated between pharmacy, dental and medical.
- 7 Is that accurate?
- 8 Α Yes.
- Q Okay. So all three kinds were
- 10 included within the claims line item in those old
- 11 invoices, right?
- 12 Α Yes.
- 13 0 Okay. Okay. Can you tell me on this
- 14 invoice what a discount/network access fee is?
- 15 Sure. They pay -- they pay Anthem --
- 16 and this is in regard to medical, by the way, so 17 this isn't a pharmacy-related charge. So are you
- 18 still curious?
- 19 0 Yeah, why not? We are already halfway
- 20 there.

Q

4 strike that.

6 page here.

- 21 It is a medical related charge that
- 22 Anthem pays a certain access fee to access our

No, that is a medical-related.

Okay. I also notice there is --

MR. DORNER: Can we move to the next

Okay. On this page I'm interested in

- 23 network and derives a higher percentage of discounts
- 24 as a result of that access fee.

1 in-network pharmacies, though?

25 That has nothing to do with the 1 we said that.

6

- 2 Α
- 3 Q Could this be an instance of some of
- 4 that recovery, like a claim recovery work?
- 5 Possibly.
 - Okay. All right. Is there any way to 0
- 7 go back and actually look into what those credits
- 8 would be?
- 9 MR. FULLER: I am going to make an
- 10 objection. I don't think we are going to do anymore
- 11 homework, but objection. This document speaks for
- 12 itself. I don't know.
- 13 MR. DORNER: The objection is to the
- 14 form of the question or I don't understand your
- 15 objection.

16

- MR. FULLER: I don't know. You've
- 17 given her homework. Does she have -- is this like
- 18 she's got something to go back and do? That's what
- 19 I am objecting to.
- 20 MR. DORNER: That's not an objection
- 21 and we can talk about that afterward.
- 22 MR. FULLER: All right.
- 23 So this ESI credit -- let me ask a
- 24 different way. Was there any backup that would have
- 25 been provided with this invoice as to what this

Page 195

- - 3 have pharmacy claims for that week of 136 dollars
 - 4 and change, I would anticipate that that 136.89
 - 5 would appear on the detail report, but there would

 - 7 to that detail report, that only would identify that

 - 10 made on.
- 10 Could you speak to what those line items represent?
- Sure. The state of Maine in
- 12 particular as well as New Hampshire, assesses a fee

9 the middle of the page. This is page MADA 001976.

13 for vaccines that -- for child vaccines that are

8 the state surcharges and fees that are sort of in

- 14 administered in provider offices. So this is
- 15 medical-related. It's not pharmacy-related.
- Okay. What about up above that I have
- 17 something for -- and this is under the pharmacy
- 18 section. I checked. ESI credits, what are those?
- So that would have been a credit back
- 20 in fact from ESI for that period of time, you know, 21 that \$136.89 would have been for something that
- 22 would have been a negative that we would report back
- 23 to MADA.
- And I believe we clarified this Q
- 25 earlier, so ESI refers to Express Scripts? I think

- 1 credit is for?
- 2 Well, considering that, you know, we

- 6 not be -- but that detail report, you know, speaking
- 8 it was a pharmacy claim. It would not identify the
- 9 specific drug that was filled or that a recovery was
- 11 O Okay. And so are details behind the
- 12 ESI credits, are those ever provided even if they
- 13 don't get to MADA, are those details ever given to
- 14 Anthem?
- 15 A They would have to be requested.
- 16 Q Do you have an idea if Anthem would
- 17 have made a request for that information in the case 18 of this invoice?
- 19 Α I would not have an idea if we did.
- 20 0 Okay. Can we go to the next page,
- 21 please. So up here I want to refer you to the top
- 22 section, retention fees and administrative fees. I
- 23 notice that the medical fees are considerably higher
- 24 and the dental are considerably higher than the
- 25 pharmacy. Can you offer an explanation why that is?

50 (Pages 194 - 197)

Page 198 Page 200 1 Α I really can't offer an explanation 1 to start sharing its rebates with MADA? 2 with just this invoice without any further backup. Right. And I believe we looked at Do you have -- does Anthem have an 3 that earlier and that started I believe as of 3/1 of 4 idea what the administrative fees for the pharmacy 4 2018. 5 would have been covering? Okay. Okay. There wasn't any switch MR. FULLER: Objection. Asked and 6 of that time where MADA was going from fully insured 7 answered. 7 to self insured, right? 8 Q You can answer. Α No, there was not. I mean, it is for a one week period of 9 Α Q Is it possible to tell either --10 time so, you know, first week of February. Without 10 certainly not looking at this, but would there be 11 any backup I can't answer that specifically. 11 any backup for this rebate credit that would 12 Okay. Is it possible that these are, 12 indicate what pharmacy medications are included in 13 I think you called them PCPM charges or would those 13 it or what make up the rebate credit? 14 be something different? 14 Α No. 15 I don't know. Like I said, I could 15 Q Do you know? 16 only really speak to them with additional back up. 16 A Anthem is informed by the respective 17 As we go down into the claim charges 17 PBM what the rebates would total to and we pass that 18 section there is something -- there is a refund 18 rebate along to the customer. Okay. And so the PBM would have 19 claims and then it says Aces or A-C-E-S, C-O-R-S. 19 20 What is that referring to? 20 calculated the rebate, not Anthem? 21 Aces is a claims platform that Anthem 21 Correct. 22 at that time processed claims on. The C-O-R-S, 22 MR. DORNER: Can we remove this call 23 again, I would need to ask someone in our accounting 23 out and let's go to 1979, please. 24 area specifically what that was. 24 All right. On this page I wanted to 25 Is it possible to ascertain whether 25 ask you about the three prescription fees up in the Page 199 1 this relates to pharmacy claims? 1 retention fees box. I see RX. I assume that stands 2 It is -- from this it is not possible 2 for prescription; medication review note, RX

Page 201

3 to ascertain that. Okay. Can we remove this call out, 5 please. He now I believe in all of the invoices

6 that we've looked at so far I believe this is the 7 first time that a pharmacy rebate shows up in this 8 Exhibit.

Was there a change in the contract between 10 Anthem and MADA that prompted a sharing of rebates I 11 guess it would be for the invoices dated February 11,

12 2019? So if you pull that up, the pharmacy 14 rebate that's given there refers to 2/2 of 2018. So

15 where rebates -- where we started sharing rebates 16 with MADA as of their renewal date in 2018 this is

17 reflecting -- the rebate credits passed over to them

18 on a quarterly basis and there is a lag time of

19 approximately six months before those rebate credits 20 pass through. So this rebate credit is reflective

21 that rebate payment for the second quarter of 2018.

I see. Okay. And so when the -- for, 23 I guess we would be starting the second quarter of

24 2018 was there a contract change probably through

25 one of the amendments that would have enabled Anthem

3 quantity limits and RX step therapy. Let's take

4 those one at a time. What is RX medication review

5 note?

These are various fees that are

7 charged by the PBM for the different efforts that

8 they make on behalf of MADA, so they review --

9 quantity limits and step therapy are the easiest

10 ones for me to speak to. Medication review note,

11 I'd have to refer specifically to what that is.

12 Q That's fine. We can do the other two.

13 That's fine.

Α Yeah. So quantity limits are

15 reviewed. If a request that is different from what

16 would normally be prescribed is requested and step

17 therapy, if that's being requested, there is a fee

18 assessed for step therapy review.

19 Now, as far as I could tell this is

20 the first time I have seen fees like this appear in

21 any Anthem invoices to MADA. Was there a change to

22 the benefit design around this time?

23 Well, the date of the invoice is

24 November of '19 so, no, there wasn't.

Were these activities, the step

- 1 therapy reviews, was that just not happening, 2 perhaps?
- 3 A They have -- I mean, those things are
- 4 referred to as clinical edits and MADA has had the
- 5 clinical edits in place for as long as I have known 6 them to.
- 7 Q Okay. So it's just for some reason it
- 8 was broken out for the first time in this invoice
- 9 but, MADA had always been paying those types of
- 10 fees, am I understanding right?
- 11 A We've been performing those functions
- 12 for them without looking specifically at all of
- 13 their renewal documents for that period. I wouldn't
- 14 really be able to answer specifically why you're
- 15 seeing it here for the first time. And also we
- 16 haven't looked at other -- for the purpose of this
- 17 meeting, we haven't looked at other invoices earlier
- 18 than this.
- 19 Q Okay. Can we go to page 1980, please.
- 20 I think this is the last page I am going to refer to
- 21 in this exhibit. All right. On this page I am
- 22 focused first on -- this is the claims charges and
- 23 credits, Medicare secondary payor line item. Does
- 24 that have anything to do with pharmacy claims?
- A No, it wouldn't have anything to do
 - Page 203

- 1 with pharmacy.
- Q Okay. And can you just tell us how 3 you know that?
- 4 A Medicare secondary payer would be if,
- 5 you know, if as a secondary payer, Medicare has paid
- 6 first. So if a claim comes through as a pharmacy
- 7 claim, it would be in that claim -- that pharmacy
- 8 claims line two lines above that.
- 9 Q So this would have been for something
- 10 on the medical side?
- 11 A Correct.
- 12 O Below that there is a state MGARA
- 13 assessment. I believe this is something unique to
- 14 the state of Maine, but could you describe what this
- 15 is?
- 16 A Yeah. That is MGARA and that is a 17 re-insurance pool that we all pay into so ASO
- 18 customers as well as fully insured. So we pay this
- 19 on behalf of -- Anthem pays this on behalf of our
- 1) on behan of -- Andrem pays and on behan of our
- 20 fully insured customers, but ASO customers, it is
- 21 broken out as a second line item because it is a fee 22 to them.
- 23 Q So these -- you say MGARA is what what
- 24 you call it?
- 25 A We call it MA-GERRA.

- 1 Q Okay. We'll call it MA-GERRA, then.
- 2 Our court reporter is having a great time with this.
- 3 So these MGARA assessments, is it a lump sum; is
- 4 there a little bit attached to each claim whether
- 5 it's medical, dental or pharmacy; how is it actually 6 calculated?
- 7 A I believe these assessments are done
- 8 on a per contract per month.
- 9 Q Okay. All right. I want to get in
- 10 now -- so do you want to keep going, get as far as
- 11 we can and then finish out?
- MR. FULLER: I'd like to take a quick
- 13 break. I want to get a glass of water. Five
- 14 minutes?

16

19

- 15 MR. DORNER: Fine.
 - THE VIDEOGRAPHER: Going off the video
- 17 record. The time is 5:30. Stand by. We're off.
- 18 (Off the record.)
 - THE VIDEOGRAPHER: We are back on the
- 20 video record at 5:36.
- 21 BY MR. DORNER:
- Q Okay. Ms. Cobb, when did Anthem first
- 23 learn about the recall of valsartan-containing
- 24 drugs?
- 25 A I believe that would be a question for

Page 205

- 1 the PBM or we would have to ask the PBM.
- 2 Q I'm not asking about when the PBM
- 3 first learned about the recall. I am asking when
- 4 Anthem learned of the recall.
- 5 A Anthem is informed of recalls shortly
- 6 after they happen.
- 7 Q Okay. Are you able to put a
- 8 particular time frame on it?
- 9 A I'm not.
- 10 Q How did Anthem come to know of the
- 11 recall?
- 12 A That's information that the PBM shares
- 13 back to Anthem as a plan. They do that with all
- 14 drugs that are recalled. We are basically kind of
- 14 drugs that are recalled. We are basically kind
- 15 sent an FYI.
- 16 Q From whoever your pharmacy benefits
- 17 manager is?
- 18 A Yes
- 19 Q So at some point you received an FYI
- 20 from -- this would have been 2018, so I guess it
- 21 still would have been Express Scripts at that time,
- 22 yes?
- 23 A It would have been Express Scripts,
- 24 yes. 25
 - Q So Express Scripts informed Anthem of

25 back at Exhibit 12, please, those subscriber IDs on

25 from I guess it would be November 1 of 2018 through

Page 230

1 the left, are you able to tell whether those are the

- 2 old IDs or the new IDs?
- 3 A I am able to tell, yes.
- 4 Q Okay. Which ones are they?
- 5 A The ones that begin 999 are pre-March
- $6\,\,$ 1 of 2020 and the ones that have an M as in Mary in
- 7 them are 3/1 of 2020 forward.
- 8 Q Okay. Is it possible that the same
- 9 person is on here on this document twice, their old
- 10 subscriber ID is shown for a pre- March 1, 2020
- 11 purchase and their new subscriber ID is shown for a
- 12 post March 1 of 2020 purchase?
- 13 A That would be -- I guess that would be
- 14 possible.
- 15 Q Okay. In other words, the subscriber
- 16 IDs didn't update or not all of them updated when
- 17 the exchange data was exported in these reports that
- 18 you ordered, right?
- 19 A Well, based on the date of fill of the
- 20 prescription would connect back to the subscriber ID
- 21 number.
- 22 Q Okay.
- 23 A So subscriber ID numbers that have the
- 24 M as in Mary in them were only issued on or after
- 25 March 1 of 2020, so that would tell me that that ID

Page 232

- 1 A Well, even though it's something I
- 2 don't review regularly, total plan paid would be in
- 3 reference to the amount that the plaintiff being
- 4 MADA would have paid.
- Okay. So I want to break down exactly
- 6 what goes into the dollar figures shown here and so
- 7 let's go down to -- you see the one with \$370.07?
- 8 A Mm-hmm.
- Q Let's go with that example, because
- 10 it's a nice big number. So would the cost of the
- 11 materials, meaning the actual pills themselves, that
- 12 would factor into that price, right?
 - A I don't know how --
- 14 MR. FULLER: I am going to make an
- 15 objection. This calls for some sort of expert
- 16 testimony. I don't know how this witness would know
- 17 about this, but if you know.
- 18 A I mean, this is the charge that the
- 19 plan was charged for this particular prescription.
- 20 Q Yeah. And so what I'm trying to learn
- 21 is what all goes into that charge. So I would
- 22 assume that the cost of the medication itself would
- 23 go into that charge, at least a portion of it,
- 24 right?

13

25 MR. FULLER: Same objection -- let me

Page 231

- 1 number was used to purchase that prescription?
- 2 Q Okay. And so if we wanted to filter
- 3 only for purchases of medications that occurred
- 4 prior to March 1 of 2020, we could basically
- 5 eliminate any subscriber ID with an M in the middle
- 6 and that would narrow it down to the 3/1/2020
- 7 transactions, right?
- 8 A Yes.
- 9 MR. DORNER: Great. Can we go back to
- 10 Exhibit 13. All right. And let's go all the way to
- 11 column AG, Alpha Golf. I'm sorry. I think I'm in
- 12 the wrong exhibit. Keep scrolling over to the
- 13 right. Let's go about halfway. Let's keep going.
- 14 Keep going. Okay. And a little bit more. I might
- 15 have gone past it. I'm sorry. I apologize. Let's
- 16 go to column -- it's CP. There we go. Yes, CP.
- 17 All right.
- 18 Q Ms. Cobb, are you familiar with
- 19 reports such as this, meaning do you review them
- 20 regularly?
- 21 A No. This is not a report that I would
- 22 review regularly.
- Q Okay. Do you have any idea, then,
- 24 what sorts of dollar amounts factor into this column
- 25 called total plan paid?

- 1 finish. Calls for some sort of expert opinion.
- 2 Lacks foundation. Calls for some sort of expert
- 3 opinion. Go ahead.
- 4 A I would only think so.
- 5 Q Do you have any -- can you say with
- 6 any certainty what cost elements go into the total
- 7 plan paid column?
- 8 A I cannot say with any certainty what
- 9 goes into that.
- 10 Q Okay. Let me ask it a different way,
- 11 then. Does MADA pay a dispensing fee as part of
- 12 every claim that it reimburses?
- A Chances are, given how comprehensive
- 14 this spreadsheet is, if there is a dispensing fee
- 15 that's been assessed, I expect it would probably be
- 16 on here.
- 17 Q Can we scroll a few columns to the
- 18 left, please. And so are you referring to column
- 19 CH?
- 20 A There you are. Yes, dispensing fee.
- 21 Q Okay. And so I know you can't say
- 22 with any certainty whether or not that factors into
- 23 the total plan paid the column, so I want to ask a 24 different way. When MADA is dispensing
- 25 reimbursement for a prescription drug claim, is part

59 (Pages 230 - 233)

| 1 of that reimbursement an approved dispensing fee? | 1 Q Because I noticed the approved sales |
| 2 A They are responsible for dispensing | 2 tax, that all has zero in there, but I don't know if |
| 3 fees. | 3 that means it is just not approved or not, but does |
| 4 Q Okay. And do sorry? | 4 Anthem have any knowledge as to whether or not sales |
| 5 A No, I'm done. | 5 tax is applied to prescription drugs? |
| 6 Q My next question related to that was | 6 A We don't know. I'm going to venture a |
| 7 going to be regardless of the medication filled, is | 7 guess here where the column says zero, that likely |
| 8 there often a dispensing fee included as part of the | 8 in Maine that's the last thing we haven't taxed that |

| 10 A Well, I mean you can see within that | 10 Q When Anthem was preparing so we |

| 13 Q Do you have any idea why that might | 13 11, but when Anthem was preparing these reports, how |
| 14 be? | 14 did it discern which fills of valsartan were subject |
| 15 A I'm sure that there is a reason. I | 15 to the recall? |
| 16 don't know that. | 16 A Anthem did not prepare these reports. |
| 17 Q Okay. Could it have something to do | 17 Q Okay. Who did? |
| 18 with whether it's mail order or brick and mortar? | 18 A These were prepared by PBM. |
| 19 A It could. | 19 Q Does Anthem have knowledge how the PBM |
| 20 Q Okay. When MADA pays a claim for a | 20 determined whether or not or how the report |

Page 238

- 1 A Column J, that is the group number 2 00F500.
- 3 Q When you say "group number," like for 4 my insurance card for work like I have, is this the
- 5 insurance card for MADA?
- 6 A I would refer to them as the root7 group number and then their sub group is next to
- 8 that.
- 9 Q And what would a sub group would be?
- 10 A Those are the group numbers by
- 11 particular dealerships.
- 12 Q Understood. You had mentioned, I
- 13 believe, then that some characters were added in
- 14 column L that related group number. What did those
- 15 characters indicate that were added?
- 16 A Column L to me looks like a
- 17 combination of J and K. So if you read across, you
- 18 have 00F5000, *00F5000R1 and that carries into
- 19 column L.
- 20 Q So you do. Okay. I don't have any
- 21 other questions on that one. Let's see. Can we go
- 22 over to -- let me find it. This is going to be
- 23 column AK. This is the date adjudicated column.
- 24 How does that differ from date filled?
- 25 A It doesn't appear to. So if I do a

- e 238
 - 1 COA an abbreviation for company; CFDSC and it
 - 2 appears to alternate between MADA and IngenioRX.
 - 3 What does this column indicate?
 - 4 A Well, it seems to alternate between
 - 5 Anthem health plans of Maine and IngenioRX.
 - Q I'm sorry. I misspoke.
 - 7 A I think the only way I can kind of --
 - 8 you know, if I compare columns, you know, just
 - 9 looking at one column by itself isn't always
 - 10 helpful. I have to refer to other columns to help
 - 11 me figure it out. So if I look at column DC versus
 - 12 column DA, DA refers to ESI and CVS. That then goes
 - 13 in conjunction -- ESI, you see Anthem Health Plans
 - 14 of Maine; CVS, you see Ingenio RX.
 - 15 So Anthem Health Plans of Maine had contacted
 - 16 with ESI to provide PBM. Ingenio RX is using CVS.
 - 17 Q Okay. I think I understand what
 - 18 you're saying, then. All right.
 - 19 A So if you wanted to compare these to
 - 20 the dates of fill, you're going to see either prior
 - 21 to 7/1 of '19 or after 7/1 of '19.
 - 22 Q Meaning after 7/1 of '19 it would be
 - 23 an IngenioRX/CVS?
- 24 A Correct.
 - 25 Q Okay. I think I'll pass the witness,

Page 239

- 1 quick scan, it's looking like those match up. So a
- 2 member goes to the pharmacy and has it filled and
- 3 then that claim processes or adjudicates.
- 4 Q Okay. Okay. If there were to be a
- 5 slight difference in the date filled versus the date
- 6 adjudicated somewhere in the spreadsheet and I don't
- 7 know if there is or not, why might that occur, if it
- 8 ever does?
- 9 A You know, sometimes someone will call
- 10 a prescription into the pharmacy; like, let's say
- 11 they called it in today and they get held up on a
- 12 deposition and they can't go pick it up. Actually
- 13 the pharmacy may put it in the bottle today, but the
- 14 member doesn't actually pick it up until tomorrow.
- 15 Q Okay. Gotcha. That's very helpful.
- 16 Thank you. Can we go to --
- MR. FULLER: How much more time do we 17
- 18 have? Can we take another break?
- MR. DORNER: I think I'm almost done,
- 20 but if you'd like to take a break, we can.
- 21 MR. FULLER: No, I'll muddle through.
- Q Here we go. A column DC, fitting for
- 23 a lawyer sitting in my chair right now. So this is 24 COA. It looks like an abbreviation for company,
- 25 CF -- I'm sorry. I am looking at the wrong column,

1 then.

- 2 MS. QUINBY: To the extent this
- 3 exhibit wasn't marked as restricted/confidential, I
- 4 just want to make sure it is.
- 5 MR. DORNER: I think it was, but now
- 6 it's double marked.
- 7 MR. FULLER: Is the witness getting
- 8 passed to me, is that what I'm hearing?
- 9 MR. DORNER: It would be other defense
- 10 counsel first. It's typically how we go. We
- 11 haven't had a lot of third party, but whether you
- 12 were planning to go first is of no moment to me, but
- 13 let's let defendants weigh in first if there is any
- 14 defense counsel that want to ask questions.
- MR. FULLER: How long have we been
- 16 going on the record, Keith?
 - THE VIDEOGRAPHER: Six hours and
- 18 approximately 19 minutes. Give me a moment;
- 19 plus 44, so 6:17.
- 20 MR. FULLER: All right.
- MR. DORNER: Any defense counsel have
- 22 any questions; Ellie or anybody with plaintiffs?
- 23 MS. ZIMMERMAN: I don't think I have
- 24 anything for plaintiff.
- MR. DORNER: All yours, Chad.

Federal Rules of Civil Procedure Rule 30

- (e) Review By the Witness; Changes.
- (1) Review; Statement of Changes. On request by the deponent or a party before the deposition is completed, the deponent must be allowed 30 days after being notified by the officer that the transcript or recording is available in which:
- (A) to review the transcript or recording; and
- (B) if there are changes in form or substance, to sign a statement listing the changes and the reasons for making them.
- (2) Changes Indicated in the Officer's Certificate. The officer must note in the certificate prescribed by Rule 30(f)(1) whether a review was requested and, if so, must attach any changes the deponent makes during the 30-day period.

DISCLAIMER: THE FOREGOING FEDERAL PROCEDURE RULES ARE PROVIDED FOR INFORMATIONAL PURPOSES ONLY. THE ABOVE RULES ARE CURRENT AS OF APRIL 1, 2019. PLEASE REFER TO THE APPLICABLE FEDERAL RULES OF CIVIL PROCEDURE FOR UP-TO-DATE INFORMATION.

VERITEXT LEGAL SOLUTIONS COMPANY CERTIFICATE AND DISCLOSURE STATEMENT

Veritext Legal Solutions represents that the foregoing transcript is a true, correct and complete transcript of the colloquies, questions and answers as submitted by the court reporter. Veritext Legal Solutions further represents that the attached exhibits, if any, are true, correct and complete documents as submitted by the court reporter and/or attorneys in relation to this deposition and that the documents were processed in accordance with our litigation support and production standards.

Veritext Legal Solutions is committed to maintaining the confidentiality of client and witness information, in accordance with the regulations promulgated under the Health Insurance Portability and Accountability Act (HIPAA), as amended with respect to protected health information and the Gramm-Leach-Bliley Act, as amended, with respect to Personally Identifiable Information (PII). Physical transcripts and exhibits are managed under strict facility and personnel access controls. Electronic files of documents are stored in encrypted form and are transmitted in an encrypted fashion to authenticated parties who are permitted to access the material. Our data is hosted in a Tier 4 SSAE 16 certified facility.

Veritext Legal Solutions complies with all federal and State regulations with respect to the provision of court reporting services, and maintains its neutrality and independence regardless of relationship or the financial outcome of any litigation. Veritext requires adherence to the foregoing professional and ethical standards from all of its subcontractors in their independent contractor agreements.

Inquiries about Veritext Legal Solutions' confidentiality and security policies and practices should be directed to Veritext's Client Services Associates indicated on the cover of this document or at www.veritext.com.
